Santa Rosa to prepare housing, CD funds bid

By BOB KLOSE

With little of the flap and fury that marked last year's controversial hearings, the Santa Rosa City Council Tuesday night approved a federal fund spending plan as proposed by the citizens Committee on Community Development.

After a two hour discussion, the council voted 4-0 to direct staff to prepare the application for the \$1.8 million in Housing and Community Development funds the city will receive this year. Councilman John H. Downey Jr. was absent.

The plan allocates \$700,000 for housing programs, \$46,000 for the South Park redevelopment project; \$340,000 for development of a neighborhood center on the westside; and funds for other projects.

There was none of the charges against the council that clouded the hearings for the 1975 funds. None of the 1976 funds was proposed for the downtown shopping center project. And the creation of the citizens committee which drafted the plan effectively eliminated a repeat of the charges of inadequate citizen participation in the 1975 process.

But the controversy this year came in the pathetic collision of two groups representing low-income neighborhoods, each group requesting a piece of the action for badly needed neighborhood centers with day care facilities.

The citizens committee had recommended \$340,000 for a facility in the Lincoln Manor area.

Representatives from the Valley Oak Park Community Interaction Association, whose members come from the Valley Oak Park housing complex and other areas of the northwest, told the council that a facility was needed in their area.

Clarence Hagins, spokesman for Valley Oak, said his organization's proposal hadn't been fairly represented on the citizens committee.

Hagins said committee members representing the westside of the city never fully aired the arguments in favor of the Valley Oak plan to place a facility at the Northwest Community Park.

But committee members told the council that, although they recognized the need for a northwest facility, they found that the plan submitted for the Lincoln Manor was more complete.

What followed was a debate between members of the audience on which neighborhood had the most need and which area had the most children and single-parent families.

Councilman Gregory Jones Jr. called the situation "anguishing."

"It's too bad we're getting competition

Zatman's in the race

Santa Rosa Mayor Murray Zatman Tuesday announced he will run for a second term on the city council.

Zatman's announcement his name will be on the ballot April 13 came as two more candidates took out papers to qualify for the municipal election.

Papers have been picked up by 10 candidates, the latest by James Decker, and Douglas J. MacCallum. Decker, 43, is a member of the city's Recreation and Park Commission. MacCallum, 21, is a student at Santa Rosa Junior College.

Zatman became the 11th announced candidate when he explained his cam-

paign plans during Tuesday's regular council meeting.

"During the past three and one half years that I have served I have tried my utmost to handle all council matters as fairly and objectively as I could. I hope it will be within the wisdom of the community to recognize this and return me for another four-year term.

"The many issues that confront this community are too numerous for me to list here. I am sure that during the campaign I and all the other candidates will have ample opportunity to speak on them. If you find my views acceptable I would respectfully ask for your support."

New student leaders at SRJC

The Press Democrat, Santa Rosa, Calif., Wednesday, January 21, 1976—

MICHAEL PLATT

Michael Platt, a 23-year-old Air Force Veteran, will take over as student body president at Santa Rosa Junior College Jan. 28 with the goal of making students government more responsive to a wider range of students.

Platt ran as part of the Students for Students group, which swept the recent elections by grabbing nearly all the elected positions in the Associated Students' Government.

"More student control of student funds is one of our goals," explains Platt. "We want to have more say in the disbursement of the Dean's Loan and Grant Fund, which is financed through student funds and is currently controlled by an assistant dean in student personnel. We are also going to take a very close look at where all student funds are currently going to see that they are meeting the needs of a broad section of the student body."

The Associated Students' budget is more than \$70,000 and goes toward such things as sport events, arts and lectures, child day care, women's center, the agriculture judging team and insurance.

When asked how he expected to overcome student apathy, a constant problem of most student governments, he indicated, "We hope to provide more activities such as a film series during the week, dances and more evening activities. We also want to help students cut through the institutional red tape by creating a 24-hour information and assistance line for students."

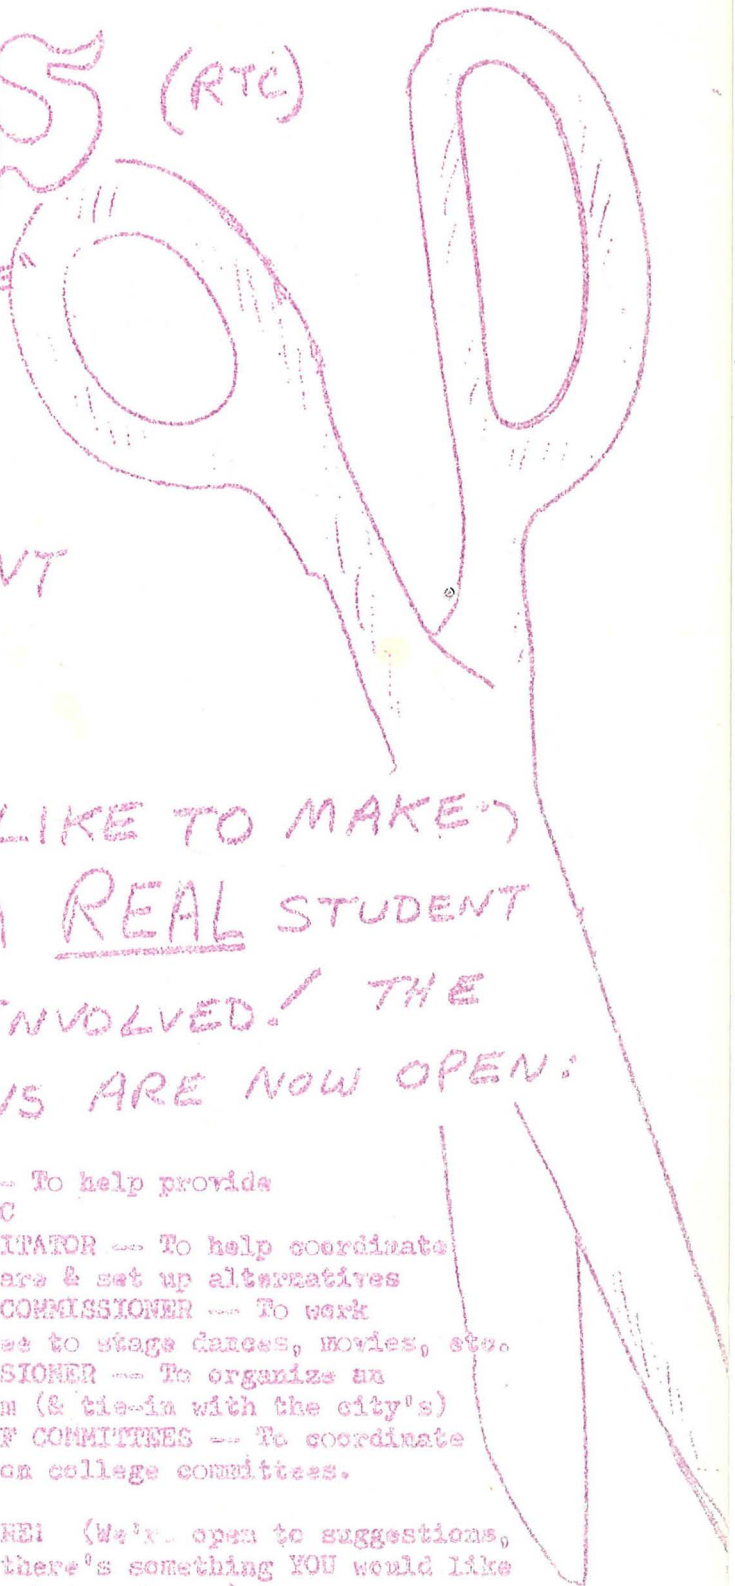

A Sonoma County students' association, an independent association for and by students, is also planned. According to Platt, the association would be separated physically and financially from the college and would also include California State College, Sonoma students. Platt said a one-time grant from the SRJC student assembly might be needed to get the project off the ground, although details have yet to be worked out.

AF VET Clarence Hagins 7th to enter council race

Clarence Hagins, Air Force veteran and former student body president at Santa Rosa Junior College, has taken out nomination papers for a seat on the Santa Rosa city council.

Hagins, 44, said he "would like to be a voice for the common people."

Hagins is a resident of the Valley Oak Park apartment complex and a former officer of the tenants association there.

He said the residents there and in other lower income areas "live from month to month, close to disaster."

"We feel we're not really represented by the government," Hagins said.

"I have no ax to grind with personalities," he said, adding that he felt the Santa Rosa city government is a good one.

"But it's not truly representative of all the people."

"Hagins is studying courses in general education, speech, and political science. He was elected student president last May. In addition, he works as a peer counselor, advising students from lower income levels.

He served in the Air Force 17 years, retiring in 1966 after being injured during a tour in Vietnam.

In his involvement with the Valley Oak tenants group, Hagins has worked for development of a child care center for that complex. He is a member of the Black Caucus; is on the

board of Sonoma County People for Economic Opportunity; and is an active member of Community Baptist Church.

He is an alternate delegate representing the west side of the city on the citizens Committee for Community Development.

Hagins and his wife, Betty, have eight school-age children.

He is the seventh person to pick up papers for the two seats that are up for election in April. One incumbent, Councilman John H. Downey Jr., has announced he will not seek reelection. Mayor Murray Zatman has not announced his plans.

MINUTES

January 28, 1976
Meeting #1

The first Executive Cabinet meeting of the Spring '76 semester was called to order at 12:06 p.m. by ASB President Michael Platt. All elected members of the cabinet were present (Mary Ellen Bucci - Executive Vice President, Rod Ulmer - Vice President, Bruce Scott - Recording Secretary, Mike Bard - Corresponding Secretary and Platt), as was Advisor Eugene Canavari, his assistant, David Herrington, and the following guests: Clarence Hagins, Rhonda Van Hulla, George "Butch" Hoover, Bob Price, Dara May, Randy Bertucelli, Rick Warad and Larry Gruver.

THE MINUTES for Dec. 17, 1975 were approved. Minutes for Jan. 7, 1976 were postponed for approval until next meeting.

TEN STUDENTS WERE APPOINTED to the College Student Assembly. The appointments were considered and voted-upon on an individual basis. Appointed to CSA were: Larry Gruver - Parliamentarian (5 yeas, 0 nays, 0 abstentions); George "Butch" Hoover - Finance Commissioner (5-0-0); Randy Bertucelli - Assistant Finance Commissioner (6-0-0); Mike Turner - Assemblies & Rallies Commissioner (5-0-1); Kimberly Peterson - Elections Commissioner (5-0-1); Helen Ketchum - Arts & Lectures Commissioner (5-0-1); Lynn Anderson - Publicity Commissioner (5-0-1); Catherine DePrima - Athletics Commissioner (5-0-1); Rome Robertson - Commissioner of Ethnic Minority Affairs (4-0-2); Mark Stegeman - Commissioner of Committees (5-0-1).

REPORTS WERE MADE by Scott, Bucci, Canavari and Platt. Scott offered a "Communications Tree" for informal acceptance by the cabinet; Bucci announced plans for a student government "Open House," to be held Feb. 6 in the Student Activities Office; Canavari passed-on compliments he had heard in reference to the "Ask Me/Red Tape Cutters" who assisted other students during registration; Canavari discussed student government use of phones; Platt asked cabinet members to draw-up a list of their priorities, to be discussed at the next meeting.

NEW BUSINESS:

Scott brought-up the possibility of a name-change for the CSA; action was postponed until further study. Platt suggested that the student government sponsor a "city government day," inviting city officials, candidates for local office and others to engage in a dialogue with students; the consensus of the cabinet was that interested members should put together a concrete proposal to present to CSA. Canavari, acting in behalf of two students, requested a time-extension for their respective film grant and project grant; said extension was deferred by the cabinet until Bucci can review the students' progress on their respective projects. After considerable discussion, it was decided (by 6-0-0 vote) to fund Bard's proposal to join the California Community College Student Governments' Association (CCCSGA) at a cost of \$55 for one semester. Hagins brought a proposal to the Executive Cabinet asking for funding to start an Equal Opportunity Program (EOP) loan fund. It was moved that the cabinet grant fifty dollars (\$50.00) to start an EOP Student Loan Account, with the stipulation that repayment be requested but not mandated. The motion carried (5-1-0).

The meeting was adjourned at 1:03 p.m.

LOAN REQUEST

The Multiple Sclerosis Dance Marathon Committee is in need of the financial support of the College Student Assembly of Santa Rosa Junior College. We propose to borrow the sum of three hundred dollars, to be paid back after the successful completion of this year's dance. The money is budgeted in the following way:

Rental of Vets Memorial Building for three days	\$75.00
Printing supplise, posters, publications	50.00
Decorations and Vets Building incidentals	50.00
Retainer for the of security officers (S.R.P.D.)	50.00
Contingencies	<u>75.00</u>
	<u>\$300.00</u>

You may have noticed that a large amount is budgeted for "contingencies". This fund allows for a 25% misjudgement of any of the other costs and offers a limited amount of flexibility should we need it. I hasten to add that this type of budget cushion is neither unusual nor unnecessary, it could save us from an unforeseen disaster.

As mentioned above, we will be able to repay the full amount at the end of the dance. This will give the C.S.A. the rather unique opportunity to use this money twice in one semester, by re-using it for another worthy project. Of course you may prefer to donate it to the Multiple Sclerosis Foundation, which is an excellent idea.

Please give this matter your careful consideration. We realize that this is an unusual request, but it is for a worthwhile student effort, and it will reach into the lives of people who truly need help.

Sincerely yours,

Earle Conklin

Whereas, many students are now experiencing registration and enrollment problems-- some of them creating very real hardships-- caused by the inability of the College staff to process end-of-semester records;

and whereas, that inability is a direct product of the present College Calendar;

and whereas, students and faculty alike have long deplored the confusion and waste of time brought about by a calendar which requires a post-Christmas session before the end of the Fall term;

be it hereby resolved:

that the Associated Students of Santa Rosa Junior College endorses the present faculty effort to effect a revision of the College Calendar in such a way as to end the Fall semester before Christmas, to provide an adequate break between the Fall and Spring semesters, and to terminate the Spring semester at the end of May;

and that the Associated Students therefore urges the Administrative staff of Santa Rosa Junior College to effect these changes in the Calendar in the most expeditious manner possible.

(Resolution to be presented to the College Student Assembly by Don Emblen and Arnold Solkov, February 1, 1976)

Re: Request for funding
to attend the State Championship
Forensics tournament

March 26, 27, 28, Orange Coast College will host the J.C. State Championship Speech Tournament in Costa Mesa, California. In accord with past policy, the team has waited for proof of its performance during the Fall semester before approaching CSA for funding for this trip.

It is my pleasure to inform you that, by every standard we can apply, this is the strongest team we have fielded in seven years of SRJC forensics. The details of that performance will be given you during our verbal presentation when this item is on the action agenda. Briefly, the team has thus far won 31 trophies in various events, and has taken sweepstakes at 4 out of the 5 tournaments we've attended. This is almost twice last year's total, when we placed 8th in the State. The team currently has twelve members, and we would wish to take all of them.

Two possible scenarios are given for a 12 member delegation. The first is based on air transportation, leaving Friday morning, returning Sunday night, with two nights lodging and rental cars in L.A.

I. "Air transportation" scenarios

A. 1. Air fare, SFO to Orange County, by Air California "group rate", \$45.82 @ x 12 =	549.72
2. Rental cars. Two station wagons	est. 166.00
B. Housing, for two nights, at \$9.00 per person (rates in Orange County are unavoidably high) \$9.00x12x2=	216.00
C. Food. At \$8.00/person/day. \$8.00x2x12=	192.00
D. Registration. Fees are fixed by the tournament, and are based on the number of people entered, and number of events entered. We are assuming maximum entry for 12 students (4 events each)	190.00
	<u>1,313.72</u>
Approx 5% contingency fund	136.38
Total, with air transport	<u>1,450.00</u>

The second scenario is based on driving, and assumes the use of school cars (which is by no means certain). It involves driving down on Thursday, and driving back on the Monday. Thus, 4 nights lodging and five days food are involved.

(over)

II. "Driving" scenario:

A. Transportation. The only cost here would occur if the "District" travel account were unable to cover the cost of district mileage.

B. Housing.

\$9.00x12 people x 4 nights = 432.00

C. Food

\$8.00 per diem x 12 people = 480.00

D. Registration

190.00

1,102.00

Approx. 5% contingency fund

48.00

1,150.00

We wish to recommend Scenario I, with "Air Transport". In Scenario II, each student loses three days of school. In plan one only one day is lost. The cost difference of \$300.00, is, in our opinion, worthwhile, but of course this is a decision you must make. One last thing should be considered; if, for some reason, school cars are not available, or the "District" travel account is by then exhausted, the cost of driving becomes very high. The usual rate charged is \$.14/mile, and at least two cars would be necessary.

We of course stand ready to answer any questions you may have, and would ask that this be scheduled as an action item at the February 9th C.S.A. meeting.

Dear Gene:

I am returning your SRJC/KSRO spot tape which I found interesting; we certainly are appreciative for that type of publicity.

We at Exchange Bank would appreciate it if you would extend to the College Student Assembly of the Associate Students our appreciation of their decision to invest \$10,000 in a time account with our bank. We know this is a sacrifice on their part as other monied instruments would pay them more interest.

It is very gratifying for us to know that the Doyle Scholarship program receives their enthusiastic support. In these days of adverse publicity concerning the banking industry we are pleased that there are young adults who realize bankers do care about community affairs. Our major goal is to maintain a strong independent bank so that we can continue the Doyle Scholarship Fund and increase the amount as the bank grows.

Again, I appreciate your communication and trust that you will pass on my message to the appropriate individuals.

Warmest regards,

A. J. Shepard

The Press Democrat, Santa Rosa, Calif., Thursday, February 5, 1976—

HOW SOLEMN is a Parking Lot? This would seem to be the burning question at Santa Rosa Junior College, where the name of the new parking lot south and west of Bailey Field is still an issue.

You may recall that the college parking committee elected to survey the student body before deciding on a name. The suggestions presented included Quinn or Tauzer for the nearest buildings, South Lot, West Bailey Lot and, alas, Camel Lot because one clever fellow on the committee suggested that submitting the question to a committee of 17,000 was not unlike a camel being the results of a committee putting together a horse.

The Picayune Times Star Bulletin, a quasi-serious publication of the associated students, reported that more than 300 students responded to the poll and at last count Camel Lot was definitely in the lead, followed closely by a write-in candidate, Tanksa Lot, trailed by Tauzer Lot, Parka Lot, Awful Lot and Lanc-E-Lot. There were some other suggestions about things you can do a lot and have a lot but most of them, I understand on good authority, were unprintable.

The parking committee, apparently afraid it is going to have to name it Camel Lot, has not met since. But the heat is on. The Picayune Times etc. etc. suggests rather pointedly that the committee get on with it and accept the results of the poll for three listed reasons.

"1. There is no rule which requires us to be serious all of the time.

"2. It makes a good story for out-of-town visitors.

"3. In 20 years, when the lot is truly broken in, it will explain all the humps in the pavement."

Just the first one is reason enough.

LOOSELY DEFINED: There are announcements in the mail this week of a sale at Bruner's "For preferred customers" — addressed to "Occupant."

IT USED TO BE that kids went to college to learn. Now they go to park.

At least it would seem that way judging from the time spent discussing parking issues at SRJC. The newest controversy is a plan hatched by the Associated Students to raffle off ten reserved parking spaces as a fund-raiser for the Dean's Loan and Grant Fund.

These surplus on-campus parking spots, in key locations, would be, judging from the excitement, the most coveted prize on campus. But what seemed like a good idea is bogged down in legalisms. County counsel, thus far, sayeth no.

The students are readying another approach to the same end.

COLLEGE STUDENT ASSEMBLY
Minutes

Feb. 9, 1976
Meeting #2

I. The meeting was called to order at 3:15 p.m. by President Michael Platt.

II. Mike Turner, Kimberley Peterson, Rome Robertson, John Denny and Doc Holiday were absent, as was Mike Bard.

III. The agenda was approved.

IV. With corrections as noted on copy on file, the minutes were approved.

V. Appointments:

- a) From the Floor -- Pres. Platt informed CSA that the Executive Cabinet had appointed Clarence Hagins as Special Advisor, Mike Turner as Entertainment Commissioner and Joseph Hawkes as Commissioner of Ex-Offenders.

VI. Reports:

- a) Lynn Anderson asked CSA members to make themselves available for photographs to be run in the "Bear Facts" and/or "The Kazoo."
- b) R. Narad reported that the \$100 allocated for the parking lottery "won't be needed" as SRJC President Roy Mikalson had vetoed the idea. Since said proposal would have to be presented to the board of trustees for approval, there would be insufficient time to implement the lottery this semester.
- c) Eugene Canavari informed students who had yet to pick up an add card for Political Science 50 or 51 to do so.
- d) President Platt stated that the Red Tape Cutters (RTC) program was gradually getting under way and that volunteers would be needed to serve in the office, giving referrals, etc. He noted that Gladys Bernert and Carol Peterson had both expressed interest in getting the project off the ground; and that people were already volunteering files/information.
- e) From the Floor -- Dr. Roy Mikalson discussed the impact of the BEOG federal losses and suggested this as an area where student action (e.g., via letters to Congressional Reps.) might be appropriate. The college is providing 50% of the funds for the Basic Educational Opportunity Grants.

VII. Old Business:

- a) Mark Stegeman made a report on the possible effects of the proposed calendar change submitted by instructors Don Emblem and Arnold Selkov last meeting for CSA approval. Stegeman said the impact on agricultural work (i.e., as available for students) would be slight; but that in other areas of work, peak working days seemed to be in August, with June being more slack. Stegeman also spoke to the temperature change which, he said, would mean students would be attending classes that would be six degrees hotter, on the average, than they would should the calendar change be defeated. The impact on Theatre Arts students, Evening College students and the possibility that jobs normally taken by Sonoma State students might be filled by SRJC students getting out early all were discussed. It was moved and seconded that CSA approve the calendar change resolution; the measure passed (15-3, no abstentions).

VII. Old Business (cont'd.):

- b) The budget change proposed to cover insurance was postponed for two weeks.
- c) C. DePrima moved that we allocate \$1450 to the speech team for the state tournament; J. Babineaux seconded. DePrima then moved to postpone action until the next meeting. The amendment was seconded and duly passed (15-2-1).

VIII. a) Sharon Tyrell, President of the Parents' Action Council (PAC) and Dennis Maxim of the SRJC day care center, reported that the college day care facility has expanded 16% in one year and has a long waiting list. It was moved, seconded and unanimously passed that the College Student Assembly hereby expresses its support for expanded child care/child development services at SRJC and requests that additional facilities and funding be provided to extend the present high-quality childrens' services to a larger number of SRJC families.

b) It was moved and seconded that CSA grant the OAK LEAF its requested budget increase of \$200. The motion was amended to postpone until next meeting.

c) It was moved, seconded and duly passed (16-0) that the CSA support the Student Affairs Committee's recommendation to renovate the Doyle Student Center.

d) The Floor had no new business.

IX. Announcements:

a) R. Narad announced that the deadline for the Picayune Times Star Bulletin was the upcoming Weds.

b) It was announced that there would be a meeting to explain the BEOG problem in the Assembly Room Tues. at 3 PM.

c) It was announced that the board of trustees would be meeting that evening. (The meeting was interrupted shortly before this by maintenance people moving in tables for the trustees meeting. Canevari said, "I don't care if it's for God, there's a meeting going on. This is the College Student Assembly.")

d) DePrima announced that there would be a basketball championship game the following Weds. at 8 PM versus Contra Costa, which promised to be a real riot.

e) Gruver announced that binders should be picked up.

X. The meeting was adjourned at 4:50 p.m.

Resolution Regarding Proposed Calendar Change

Whereas, many students are now experiencing registration and enrollment problems --some of them creating very real hardships-- caused by the inability of the College staff to process end-of-semester records;

and whereas, that inability is a direct product of the present College Calendar;

and whereas, students and faculty alike have long deplored the confusion and waste of time brought about by a calendar which requires a post-Christmas session before the end of the Fall term;

be it hereby resolved:

that the Associated Students of Santa Rosa Junior College endorses the present faculty effort to effect a revision of the College Calendar in such a way as to end the Fall semester before Christmas, to provide an adequate break between the Fall and Spring semesters, and to terminate the Spring semester at the end of May;

and that the Associated Students urges the Administrative staff of Santa Rosa Junior College to effect these changes in the Calendar in the most expeditious manner possible.

Riot at SRJC game

By RALPH LEEF
P.D. Sports Writer

It was a harrowing experience last night at Tauzer Gymnasium on the Santa Rosa Junior College campus as a riot broke out late in the basketball game between the SRJC Bear Cubs and Contra Costa College.

It was showdown night, with both teams battling for the conference leadership. The pressure was at a high pitch

See sports, Page 32.

before the game started as nearly 600 fans from Santa Rosa and San Pablo jammed into the tiny gymnasium which has a capacity for 400 spectators.

The gym was a powder keg. Thing started going badly for the visitors, who trailed by 16 points. Any little incident was going to touch off a bad scene.

Just such an incident took place with 2:21 left in the game.

Surprisingly, no serious injuries were reported after two separate battles marred the game, which was finally stopped with the Cubs leading, 79-63. Santa Rosa officially won the game, although it was not completed. Officials may terminate play, and the score at that point is final.

Santa Rosa assistant coach Dave Castleberry was among the worst injured. Castleberry, who was one of the first to step between combatants, suffered a bloody nose and cut lip as he was

whacked over the head with a chair by Contra Costa player Dwayne Foreman, who had fouled out of the game.

With 2:21 left in the game, the wild scene started at the end of the SRJC bench, where Santa Rosa equipment man Vic Johnson was razzing Contra Costa scoring ace Will Stewart.

The third Contra Costa player had just fouled out and was standing in the middle of the court with his hands on his hips, complaining to the official.

Johnson, a 265 pound lineman on the SRJC football team, yelled to the player, "Take your seat, take your seat."

Stewart, already frustrated at being held to just two points in the first half and nine in the game, strode over within a few feet of Johnson and glared at him. Johnson continued to razz the other player.

This was the breaking point for Stewart, who yelled to Johnson to "stand up and say that." Johnson remained seated, but when Stewart, a 6-4, 200-pounder, beckoned Johnson to stand up again, the Santa Rosa equipment man was up and ready to take on the entire Contra Costa team.

Stewart started to close in on Johnson, but Santa Rosa trainer Byron Craighead moved between the two shouting, "Get out of here, calm down," to Johnson. Johnson held his ground and continued his shouting match with Stewart. It was

just too much for the sophomore forward from Washington, D.C. He shot a right hand past Creaghead's head, shoving Johnson back to the wall.

Johnson picked himself up off the floor and started coming at Stewart, but too late as several Contra Costa players were already joining the fight. And that's all it took for about 30 to 40 Contra Costa fans to get involved.

Suddenly the entire south side of the basketball floor was covered with fighters. And they weren't all sticking to fists. Contra Costa guard Dwayne Foreman picked up a chair and banged it over Castleberry's head. Foreman was one of three Contra Costa players who had fouled out of the game and was sitting on the bench when Johnson and Stewart started jawing with each other. Two other Contra Costa players had been ejected from the game and the Contra Costa coach had drawn three technical fouls.

Santa Rosa JC campus police and city policemen, who had been called at half-time to keep a watch on Contra Costa fans standing near their team's bench, managed to quell the initial fighting within two or three minutes, but not for long, as another SRJC football player, Hawaiian Ernest Aalona, a 260-pounder, started battling with the Contra Costa group still on the floor.

Someone sent Aalona reeling with a blow to the side of his head, and that started the second battle, which was finally stopped by the Santa Rosa police, who decided it was time to bring out the mace.

The mace stopped the fight, but some fans also were sprayed.

Asked his reaction, Santa Rosa coach Bill Trumbo said, "They wanted this game so badly, they had a negative reaction to being beaten. I've seen them display great character this year, but only when they were ahead. That's what the officials said, too."

Officials Jim Witt and Bill Henneberry tagged Contra Costa with 30 personal fouls, and had to slap Contra Costa coach Ed Green with three technicals after he strode onto the floor to complain about fouls that seemed obvious to most fans.

Witt stopped the game in the second half and told announcer Larry Bertolini to tell the crowd to take the heat off he and his partner. The Contra Costa fans standing along the walls were heaping verbal abuse on the officials. "I don't have to take that," Witt said to Bertolini.

The officials later told Trumbo that they would have called a halt to the game earlier, but feared violence might break out.

The game story is in today's Sports Section, Page 32.

Sports

The Santa Rosa Junior College basketball team took a big step toward advancing to the state junior college tournament in Fresno last night with a surprisingly easy 79-63 victory over Contra Costa College.

The Bear Cubs never trailed in the game that was halted with 2:21 left on the clock when players and fans started trading punches. (The fight story is on Page 1 of today's paper).

The No. 3-ranked Bear Cubs and sixth-ranked Comets both took 9-1 conference records into the contest, which most of the conference coaches felt would decide not only the conference round robin championship, but the overall league title as well since the round robin winner has a great advantage in the playoffs.

Now 10-1 and all alone in first place, the Cubs have only to beat Los Medanos here Saturday night, Canada next Wednesday on the road and tough Alameda College here in the round robin finale on Saturday, Feb. 21.

Alameda, the state's 19-ranked team, poses the only real threat in the final three outings. Canada and Los Medanos have only won three games between them. Alameda has lost just three conference games, two to Contra Costa by three point margins and once to Santa Rosa by 11 points.

Last night's game was decided at the foul line, just like the last time the two teams met. Santa Rosa won that game, 73-67.

Unable to check the quicker Santa Rosans, the frustrated Comets started hacking and 30 fouls later the Cubs had connected for 35 points from the freethrow line.

Three Contra Costa starters — guards Dwayne Foreman and Ron Cook and substitute forward Dwight Harris — fouled out of the game and two other players were ejected for throwing elbows.

Dan Healy, a 5-5 guard from Sebastopol, was called on to put out the fire when the Comets drew to within six points, 61-55, with nine minutes left in the game.

When Healy came on the Comets started falling in bunches as he drove them crazy with his now familiar dribbling antics.

After forward Ken Jones scored a three-point play to put the Cubs back up by nine points, Healy took charge and held off Contra Costa almost single-handedly until the fighting started, when he got help from some of the spectators.

Healy gained position on a driving Ron Cook, who was called for charging and sent to the bench with his fifth foul.

A few seconds later Foreman shoved Healy, who was playing keep-away with the

ball, and he, too, was out of the game with his fifth foul. Two down, a few more to go.

Healy sank both free-throws (he made five of six from the line in the six minutes he played) and the Cubs were back to a 10 point lead, 67-57.

Contra Costa reserve guard Dwight Harris then fouled Healy, and Dan scored two more points from the foul line.

Healy started playing keep-away again, dribbling patterns around the confused Comets. That's when Contra Costa coach Ed Green yelled to his players to "get tight on him," meaning Healy. One Contra Costa player threw his arms up as if to say, "you must be kidding coach."

Guard Harris tried getting tight with Dan and promptly fouled out, with 4:12 left to play. The Comets were about out of guards at this time.

Contra Costa then tried another method on Healy. Ken Griffith, a 6-2 guard-forward from New York, who was getting uptight at the dribbling liberties Healy was taking in trying to run time down on the clock, shoved Healy and was boot-ed off the floor by the official. The Contra Costa coach complained bitterly

about the ejection and drew a technical — the third on his bench.

Guard Agest Ruffen had been ejected from the game early in the second half for elbowing Santa Rosa forward Mike Mahoney. It was at that point in the game (with 14:22 left in the second 20-minute period) that the officials stopped play until the Contra Costa fans near the Comets' bench calmed down. The fans were screaming obscenities at the officials each time they passed by.

James Anthony was the last Comet to be called for a foul, and took a swipe at Healy when the officials turned away to find out just how many fouls he had. It was at this stage of the game, with just a little over two minutes left to play, that fighting broke out and the game was called at that point in favor of Santa Rosa.

The Contra Costa coach, in an interview with the press after the fighting was stopped, said he would call Camino Norte Conference Commissioner Bill Russell today and give him "our side of the issue."

"No way should the game be allowed to be played in these kinds of conditions," Green said. "All it takes is one shoving incident to get

A CONTRA COSTA PLAYER GOT INTO THE BATTLE WITH A CHAIR
And SRJC Assistant Coach Dave Castleberry Was His Target

GUARD DAN HEALY PUT ON ANOTHER DAZZLING SHOW
But It Only Further Enraged The Visitors

something started." Green didn't care to comment on his own behavior on the court.

"We've got to play Santa Rosa again, that's the problem," Green said. "We're certain to meet in the play-

offs, and probably right here in Santa Rosa."

SANTA ROSA guard Kelvin Chapman, one of the top freethrow shooters in the state, drew nine of the 30 fouls and connected on 15 of 17 freethrows. Chapman

added 10 zingers from the floor for 35 total points — which matches his 35 point performance against Santa Ana College earlier in the season.

Forward Jay Bartholomew, who hit eight straight

freethrows without a miss, scored 14 points and shared rebounding honors with teammate forward Ken Jones, who played in foul trouble most of the game. Both pulled down 13 rebounds.

Guard Charles Harris hit his first two shots, both smooth jump shots from 11 to 15 feet out, to get Santa Rosa started last night. Those were the only points Harris was to score in the first half, but the sophomore from New York turned tiger on defense and added eight more points in the second half to finish the game with 12 points.

Center Bob Winton, who scored 10 points in the first

win over Contra Costa, only scored two points, but more importantly, put the stopper on 6-8 center Jim Allen.

Allen, who is one of the top rebounders in the state and is scoring at a 17.4 clip, managed just 13 points and was not a factor on the boards. Allen drew three quick fouls in the first half and played cautiously the remainder of the contest.

"I thought we could have blown them out of the game earlier, but we blew ourselves out early," Santa Rosa coach Bill Trumbo said.

To: Michael Platt and the Executive Cabinet

From: Mark Stegeman

After considerable reflection, I am resigning the Commission-ship of Committees. I have served in the College Student Assembly for over a year, yet I have never seen such a knowingly callous disregard for the persons we supposedly represent. I am referring to the "Resolution Regarding Proposed Calendar Changes," passed by an over-whelming margin on February 9.

The isolation of the CSA from the students is a frequent campaign issue, with good reason. The possible calendar change would probably have more impact on more students than anything else the CSA will discuss this semester. Yet the CSA, with little research or discussion, approved a statement written for it by faculty members pursuing their own interests. That is now the student position, and it will be cited as such. The item was postponed for one week, ostensibly to collect student input, yet little effort was made. Despite assurances to the contrary, no effort to solicit opinion was made in either the Oak Leaf or the Bear Facts. The few members who apparently contacted other students received a decidedly mixed reaction. The little research I was able to do uncovered potentially significant problems, particularly for student summer employment. At the very least, these were worth further investigation.

What if there are students who will lose summer employment? Who is representing them? When the student government discounts them, who are they supposed to turn to? Who are we representing? Ourselves? We really don't have any idea how most students feel on this issue.

When the student government becomes subservient to influence by the administration or the faculty, it is a sham.--Hardly a student government for students. Simply neglecting important issues is a frequent and sometimes forgivable offense, but to haphazardly take a position, at the request of two faculty members, is to my mind incredibly irres-ponsible.

Our endorsement of the resolution has simply become a bargaining chip in an intra-faculty dispute (a reward to the side that asked us first?) Fortunately, it is probably a small chip, since the shallow-ness of our representation is generally recognized.

It was suggested that we had to take a position, even if we didn't know what we were doing, simply because the Academic Senate was about to meet. That is an absurd basis on which to make a decision. To refuse to make a premature decision is a sign of strength, not weak-ness. We should have recommended against the change until it could be properly examined, particularly in light of the possibly severe disad-vantages.

There are many sincere persons in CSA this semester, as there are most semesters, some of them trying to get something done. But a half-

assed sincerity is not enough, particularly when we advertise ourselves as allies of the common student.

I intend to continue working for students and on special projects, but being in CSA is of limited usefulness, and I think I could spend CSA time more productively elsewhere. Besides, I will feel more comfortable working as an independent student without being connected to the student government.

I am willing to continue as Commissioner of Committees until this year's student committee membership is more clearly lined up, if desired, but no later than the start of the next CSA meeting.

Sincerely,

Mark Stegeman

Hoover stated that it was his understanding that the loans were distributed on a first-come, first-served basis, without regards to ASB membership. He also stated that it was his impression that Nazarian did not wish to relinquish control over the monies (Nazarian being the Asst. Dean of Students and chief administrator of the fund). - VIII. New Business:
 - a) It was moved, seconded and passed that the Executive Cabinet recommend to the CSA that \$1150 be allocated for the Forensic's Teams state tournament, as opposed to the \$1450 then under consideration. According to the Finance Commissioner, this would still enable the speech team to fly to the tourney.
 - b) Priorities - moved to Feb. 20's.
 - c) The possibility of a student suit against the Sonoma Co. Unemployment office was discussed and referred to the Political Action Commissioner (PAC) for further action.
 - d) Dennis Maxim submitted a proposed budget increase for the day care center. No action was taken, as the matter would be later submitted to CS&.

Subject Your Resignation

I'm sorry that you have resigned. My advice would have been to stay and fight (on this issue and on others). If you felt so strongly, why didn't you at least move to reconsider? . . . and why don't you now move to rescind? . . . Even the U.S. Congress can be made to change it's mind -- usually by a member.

Your resignation blast was probably good for your spleen, but it will do little to assist CSA, the college, or students in general -- especially Students in general -- on this issue or on others. CSA needs people who question, who look for honest, considered solutions. Even at this late date I urge you to re-consider. I suppose to you, my advice has become tarnished -- but I give it anyway -- reconsider! CSA needs a loyal opposition!

TO ALL CSA MEMBERS, SANTA ROSA JUNIOR COLLEGE:

TOMORROW, FEBRUARY 20, THE EXECUTIVE CABINET WILL BE HAVING A SPECIAL MEETING TO DISCUSS PRIORITIES, PROJECTS, GOALS, PROGS, IF NECESSARY, AND/OR CHRONIC HANGNAILS.

ALL SERIOUSNESS ASIDE, EACH AND EVERY ONE OF YOU IS HEREBY INVITED TO ATTEND THIS MEETING IN THE CONFERENCE ROOM IN PIONEER HALL(HERE) FROM NOON TO ONE. IF YOU CANNOT ATTEND, PLEASE CONSIDER SENDING ME A MEMO REGARDING YOUR DESIRES(PLEASE, CONCERNING STUDENT GOVERNMENT!), PLANS, FRUSTRATIONS OR ANY SUCH POSITIVE INPUT(NEGATIVE INPUT WHEN GRACIOUSLY OFFERED IS, OF COURSE, EAGERLY ACCEPTED).

IT SEEMS TO ME THAT AT THIS POINT, AT LEAST, MANY OF US IN STUDENT GOVERNMENT ARE DOING LITTLE ~~BESIDES~~ ^{EXCEPT} ATTENDING OUR REGULAR MEETINGS. PERHAPS, THIS IS ALL THAT IS NECESSARY BUT WE MUST CONSIDER, ESPECIALLY IN THE LIGHT OF SOME RECENT ACCUSATIONS(Details Monday!), IF THERE IS MORE THAT WE COULD BE DOING.

PERHAPS SOME OF THE FAULT BELONGS TO ME. I AM CONCERNED THAT YOUR JOBS ARE OFTEN ILL-DEFINED AND THAT YOU DON'T KNOW(OR CARE ABOUT?) WHAT I MAY EXPECT; LIKEWISE, WHAT DO YOU EXPECT FROM ME?

IN SHORT, HOW DO WE GET THIS STUDENT GOVERNMENT MOVING? I NEED YOUR HELP AND WOULD LIKE EACH AND EVERY ONE OF YOU TO CONTACT ME PERSONALLY(VIA NOTE IF NECESSARY) AS SOON AS YOU CAN.

IT IS POSSIBLE I AM 'GRASPING AT STRAWS' BUT YOUR RESPONSE WILL HELP ME AND THE REST OF THE ELECTED OFFICERS UNDERSTAND YOUR NEEDS AND, HOPEFULLY, THE NEEDS OF ALL STUDENTS HERE.

THANK YOU FOR YOUR TIME; I DESIRE YOUR PERSONAL RESPONSES.

SINCERELY,
Michael Platt

Special Meeting #1
Meeting #5

The meeting was called to order at 12:06 p.m. by President Michael Platt. Mike Bard and Dara May were absent.

There was considerable discussion on priorities of the Executive Cabinet, ways in which the other members of CSA might be prompted to produce more and a general discussion of the possible plans of the future, their feasibility/non-feasibility.

In the order of business, Vickie Cox was appointed Law Enforcement Representative by Platt and confirmed unanimously by the cabinet.

It was decided by motion and vote to recommend to the CSA that the lesser of the two sums sought by the Forensics Team for the state tournament be ~~awarded~~ allocated, rather than the larger (which was currently under consideration).

The meeting adjourned at 1:00 p.m.

Dear Gene:

As we begin another year, I again wish to express our appreciation and gratitude for your support of the Community Blood Bank.

The publicity for your blood drives has been an inspiration and I'm sure has had a great deal to do with the success achieved.

Without the able assistance and excellent planning by David Herrington, our Mobiles would not be as enjoyable. All of our employees are very impressed with the efficiency shown by all those involved.

On behalf of all those patients who have benefited so greatly and for making our job so much more pleasant, we thank you and all those students who gave blood to help their fellowman.

Sincerely,

- II. Mike Turner, Clarence Hagins, John Denny, Egnacia Thompson, Pat Davis, Doc Holiday, absent from the meeting. (Note: Denny and Holiday have missed three consecutive meetings and are subject to dismissal.)
- III. The agenda was approved with the correction that item VI.c) read "Political Action Commissioner," instead of "Political Action Committee."
- IV. The minutes were approved.
- V. There were no appointments; but Platt announced that there was still a slot open for a representative-at-large on the Arts & Lectures Committee and two Student Affairs Committee openings, as well as the position of representative-at-large to the board of trustees (which J. Babineaux expressed an interest in).
- VI. Reports:
 - a) Hoover passed-out copies of the January budget report.
 - b) C. DePrima's resignation was noted. M. Stegeman's resignation was noted and a resolution asking him to reconsider was passed by CSA.
 - c) Platt asked all representatives to be sure to have a card on file with office hours and places to be contacted if needed.
 - d) E. Canevari passed around a sign-up sheet for CSA members' phone numbers.
 - e) The Political Action Commissioner reported that he was interested in working on a student bargaining union, bringing candidates for city election on campus, possible action over students being denied unemployment and SB 1. He asked for CSA input on these matters, and on others which might be of concern to students, as well.
 - f) Ulmer requested input on the Constitutional Committee and explained some of its possible considerations.
- VII. Old Business:
 - a) It was moved and seconded that CSA allocate \$900 for an overbudget change to cover increased hospital and insurance premiums, due to an increase in the number of students to be covered by said insurance. An amendment was made, seconded and duly passed that CSA postpone action on the increase for a definite period of one week.
 - b) It was moved and seconded that CSA amend the main motion, which was to allocate \$1450 to the Forensics Team to attend the state tournament, to read "allocate \$1150." The amendment (to allocate \$1150 instead of \$1450) was itself amended to read "allocate \$1300." This amendment to the amendment was, after considerable discussion, defeated. CSA then voted on the amendment to the main motion; it was duly passed. (A motion was made and seconded to increase the Forensics budget by an additional \$150. This final motion was postponed for a definite period of one week.)
 - c) It was moved, seconded and duly passed that CSA allocate a budget increase of \$200 to the OAK LEAF.

- b) It was moved and seconded that CSA allocate \$3,960.86 as a budget increase for the SRJC Child Development Center. The increase was postponed for a definite period of one week.
- c) A resolution regarding BEOG was discussed as a possible future action and deferred for one week.
- d) Since Conklin already expressed his opinion, this item was deleted.
- e) Platt mentioned that the Red Tape Cutters was getting underway and that he had, under consideration, a couple of individuals for the commissionership involved.
- f) It was moved, seconded and postponed for a definite period of one week (the latter as an amendment) that CSA allocate \$150 to the Women's Week Collective for Women's Week.
- g) Two calendar proposals for next year (Fall '76 to Spring '77) were submitted for CSA consideration. It was moved and seconded that CSA approve the recommendation of the Administrative Procedures Committee with regards to the calendar change, the recommendation being that the '76-'77 school year run from Sept. 1, 1976 onwards. - III. The agenda was approved.
- IV. The minutes for Feb. 18 were approved; approval of the Feb. 20 Special Meeting was deferred one week.
- V. Appointments:
 - a) Marilyn Wood resigned because of grades, but indicated she was willing to serve in CSA. Platt appointed Wood Freshman Representative and the cabinet confirmed the appointment.
 - b) Rod Ulmer resigned as Vice President, indicated his grades necessitated that action and was reappointed by Platt, then confirmed by the cabinet.
 - c) Paula Pelosa was appointed Athletics Commissioner by Platt and confirmed by the cabinet.
 - d) Gareth Plank was appointed Commissioner of RTC (Red Tape Cutters) by Platt and confirmed by the cabinet.
 - e) Jerry Babineaux was appointed CSA Representative to the board of trustees by Platt and confirmed by the cabinet.

VI. Reports:

All cabinet members (with the exception of Ulmer and May, who had not yet arrived at the meeting) reported on the status of affairs in their "communications tree." Noteworthy was Hoover's report that the Finance Committee was in the process of being formed; Norris' commitment to talk with the sophomore representatives; and Hoover & Scott's report that the "Friday Night Flicks" would be starting this month. Platt reiterated his remark of Feb. 20 that he was "disturbed."

VII. Old Business:

- a) Scott reported that the status of the proposed surveys of student opinion were in a somewhat nebulous area since the Director of ~~Examining~~ Research and Articulation, Milt Kielsmeier, who had been hoped to be tabbed for this project, was in the hospital with a stroke.

To: Executive Cabinet for Student Services

As members of the Oak Leaf, we request funds to cover the Junior College State Playoffs.

To do this, we need a total of \$60 for lodging (\$10 per night per person). The remaining expenses will be met by the Oak Leaf.

The purposes of our attending the event are twofold:

1) To give the Student Body a different coverage angle on the tournament, and 2) Like all other events, this one offers the students an opportunity to sharpen their respective abilities.

BUDGET REQUEST 1976

ITEM 1: SALARY - One Family Day Care Home Operator
9 hrs. @ \$4.00/hr. + 10.55% Benefits
70 days March 1 to June 14.....\$2785.86

The only means by which enrollment can be increased at this time is through the establishment of a SATELLITE FAMILY DAY CARE HOME. The most critical need is for infant care, since there are some facilities available in the community for pre-school age children. The FDCH under discussion would be able to handle 6 youngsters at a time, with a total new enrollment of 9 or 10. We have an infant waiting list of 15 certified families at this time. The expenses involved in operating the FDCH are reimbursable from the State Department of Education if we get a mid-year or end-of-year adjustment in our contract. Such an adjustment is highly likely if any funds are available in the state. Over the past two years we have been granted every program adjustment that we have been able to justify. We would also be immediately eligible for Child Care Food Program reimbursement for meals served in the FDCH.

The implementation of SATELLITE FDCH operations by subsidized children's centers is a plan which has received wide approval in many communities. It is an innovation which is strongly urged by many public and private agencies, and has been recognized by Governor Brown as an effective delivery system to meet the state's child care needs.

The salary figure would break down to \$3.55 for the FDCH operator and .45 for a CWS aide. The center would be able to provide the mandatory benefits for the proposed program period.

Upon reimbursement of the expenses, Poppy Creek School, would repay the full amount of funds to the ASB.

This should be understood to be a pilot project or start-up funding. The annualization process would involve funding requests to the state, the district, and the ASB.

ITEM 2: MATCHING AMOUNT - For Special Non-food Assistance Grant.....\$ 500.00

We have recently received notification of a non-food assistance grant for kitchen improvements in the amount of \$2,000. This grant requires a local matching share of \$500.00. The major item for which this money is intended is a dishwasher, which will substantially reduce our costs in the area of disposable plates, cups, etc, to enable us to run a more ecologically sound operation.

ITEM 3: TAX INCREASE - State Unemployment Tax Rate March 1 to June 14 1.1% of payroll.....\$ 175.00

Our state unemployment tax rate has been increased from 3.6% to 4.7% effective March 1, 1976. We have included this increase in our request for district funds for the school year 1976-77, and are asking the associated students to pick up the increase from March 1, 1976 - June 30, 1976.

ITEM 4: EXPENSE ACCRUAL ADJUSTMENT - to accrue additional audit expense and budget amount to fiscal year to which audit applies. \$ 500.00

TOTAL REQUEST.....\$3960.86

Due to new, exceedingly comprehensive audit guidelines (23 pages), received from the State Department of Education in the Spring of 1975, our actual audit expensed for 1974-75 amounted to almost \$700.00 or \$500.00 more than had been budgeted based on previous year's expenses.

This increase, too, has been included in our request for district funds for the coming school year 1976-77. We are asking ASB for additional funding for this year only.

Speech Department
27 February, 1976

To: College Student Assembly

Because it is often difficult to focus issues effectively during an extemporaneous parliamentary debate, we wish to take this opportunity to clarify our position as developed in the debate on funding participation at the State Championship Speech Tournament.

Our objection to the way in which this matter was handled by the Executive Cabinet lies, not in the amount of funding granted, but in the method used in determining the figure.

After a lot of hard work by Forensics Team members and coaches had presented CSA with the most successful squad in SRJC history, after a straw vote by the CSA two weeks before had indicated overwhelming support for our initial funding proposal, after we returned from a highly successful tournament at Cerritos which left us ranked 2nd in the state, we returned to find that the Executive Cabinet had established its own suggested funding figure, based on faulty methodology.

It is true that the funds appropriated are adequate but this is only because:

- 1-we used our only free night in LA to go "motel hunting" and found a cheaper motel.
- 2-the rental charge for one station wagon at Cerritos (\$74) was shifted to the coaches' account, in technical violation of the CSA-District agreement.
- 3-the coaching staff had decided to take eleven, rather than twelve students to State.

Because of this, we had decided to reduce our request from \$1450 to \$1300, a step which we took in good faith to save CSA money. (We note that our attempts at economy were not even acknowledged.)

Because the Executive Cabinet did not consult the coaching staff, the Cabinet's figure of \$1150 was based on two fallacies:

- 1-that our unencumbered account balance was some \$340 while it was actually \$212.
- 2-that State was the last tournament, when in fact a tournament in May had been planned for the general student who was unable to break into our regular line-up. (We have now cancelled these plans.)

In short, the Executive Cabinet took on itself the "expertise" to develop a cost projection for State. That projection was wrong, and an insult to the coaching staff. Only great good luck made the Cabinet's figure coincide with the needed amount.

(I have not dealt with the many other issues raised in the debate, because they deal with general Forensics program policy, and are more appropriately handled at budget hearings.)

Thus it was that in the floor debate the coaches were arguing in favor of a tournament at Hayward that to us is just a lot of extra work, but benefits additional students, while the Executive Cabinet was in effect arguing against this tournament. (It is in part to protect funding for these novice tournaments that "State" has always been considered a separate appropriation and a "closed use" account. Any money left over from the State appropriation after State goes immediately back to the CSA general fund. It does not, as Executive Cabinet apparently thought, remain with Forensics.)

We very much regret the misunderstanding generated over this issue, but feel that no real harm has been done to the program since the amount voted is adequate.

We will now be turning our attention to running our High School Tournament this weekend (no cost to CSA), our college tournament March 5-6 (no cost to CSA) and preparing the delegation for the State Championship Tournament.

Signed, the Forensics Team Coaches

Now that the Massachusetts primary is upon us and with busing and the Boston riots as the central issues, I wonder if Boston's "man-in-the-middle" ever thinks back to those peaceful days he spent in Northern Marin County. Robert J. DiGrazia, Boston's police commissioner, used to be Novato's police chief. He went from there to St. Louis and then hit the "big time." I wonder who he's going to vote for.

BRAVE NEW WORLD: Sandy Waterson, a student secretary in the Associated Students office at SRJC, has personalized inter-office memo pads imprinted with her "liberated" name — Sandy Waterdaughter, of course. Of course.

Nazarian defends Loan and Grant policy

Editor's Note: Here follows one side of the Dean's Loan and Grant Fund controversy. Other sides will be presented next issue.

by Denise Hawkins

Student control of student money was a familiar slogan in the spring Associated Students election. Out of this controversy the dispersment of the Dean's Loan and Grant Fund was attacked by Students for Students.

Presently the Dean's Loan and Grant Fund is an emergency fund controlled by Assistant Dean of Students Richard Nazarian. The purpose of the fund is to help out students who need a small short term loan for books, registration, gas, food and other needs.

Over a period of a year approximately \$40,000 is dispersed to students; however, there is less than \$4,000 in the fund now. Most of the money comes from the student body. Other amounts come from private groups, clubs, organizations, and some is contributed by teachers who sell test cards to students who forget them on test days.

The proposal by Students for Students is that the students, not just one person, should have control over the money. Dean Nazarian says, "The fund is currently operating on a first come first served basis, and as long as there is money in the fund, it is given out.

All a student has to do to get a loan is to have a need, fill out a simple form and have it approved. A check is most often written the same day.

As far as Dean Nazarian is con-

cerned the proposal to change who controls the money is unnecessary. "I think CSA just wants more input on it," says Nazarian. "Other colleges have tried the student review board and it didn't work." Nazarian also stated that he would welcome a review board to go over some of the Dean's Loan and Grant Funds policies.

"It's inappropriate for students to look at other students' financial need. It's a private matter. Inappropriate pressure is laid on the students. We don't need a

BEOG: No word from Congress

by Marcene Fehrman

There's still hope that the 836 SRJC Basic Educational Opportunity Grant (BEOG) recipients will see the balance of their awards, said Reginald Elgin, SRJC financial aid director.

Elgin has been working to regain the funds needed to make BEOG payments since he received a notice from the Department of Health, Education and Welfare (HEW), which stated, "The Basic Educational Opportunity Grant Program is currently faced with the situation of having more institutional requests for increased authorizations of funds than there are available."

The letter sent to Elgin from HEW eloquently said that the BEOG program was broke. It also stated that the appropriate Congressional committees are working actively to resolve the problem.

Here at SRJC, the administration

board because it's on a first come first served basis," Nazarian says.

"It's a stupid idea. It would hurt students."

Rick Narad, an officer of CSA and inter-club council representative (ICC) and not in SFS, noted, "It might take a week to get the money with a review board. It's a stupid idea. It would hurt students."

"The loan helps many students over short term problems, especially those that live away from home," Nazarian added. He argued that with high unemployment, people should be working to increase the fund rather than arguing about who will control it.

As of yet the Students for Students campaign slogan has had no effort on the Dean's Loan and Grant Funds operation. As Narad put it, "Students control of student money sounds great, but it isn't always."

When asked at what approximate time in the future this will take place, Elgin said, "I don't want to raise a lot of false hopes, but I hope in about three weeks."

Until something does happen to prompt action, Elgin and his staff will work to help all those students effected by the cutback.

Their efforts include the setting up of an emergency loan and book fund, miscellaneous jobs, and the constant reassuring of students that their problem is not being ignored. "We'll do all we can," said Elgin.

Elgin urged students to "do all they can" to prevent such a catastrophe from recurring by filling out all financial aid applications they are eligible to receive, beginning March 1.

Art display in SAO

A product of this semester's student government is the creation of a student art display. This is located in the Associated Student Body President's office at Pioneer Hall.

Artist David Best's work is on display until March 10.

Other students interested in a display can contact any College Student Assembly Executive Cabinet member who will make arrangements for their showing.

Students can view the free art showing on the walls during office hours.

"It was brought to our attention that student artists do not have a place to display their work," stated ASB President

Michael Platt. "This offers student artists a chance to display their art more than once or twice a year."

Artists can display their work for at least one week. Their work can remain longer only if there is not another display for the following week.

A greatly appreciated side product for the student government officers is that this art display gets a different kind of student (students who would not normally come into the student offices) inside to meet their government representatives, says Michael Bard.

"There is no reason why this student art display can't go on for a permanent basis," said Platt.

Guess who's coming to lunch?

Student government is having trouble getting a date for lunch with the Board of Trustees.

An invitation to dine at the Coop last Thursday was extended to the Board of Trustees by College Student Assembly President Michael Platt Feb. 9.

A written invitation was also given to all board members for every Thursday the rest of the month. Robert Call was the only member who replied, and he asked for a rain check.

The purpose of the luncheon was to discuss a resolution submitted by the student affairs committee to renovate the Coop. The Coop is a lounge which adjoins the main cafeteria.

Two other members of the board talked to student activities director Gene Canevari

on Feb. 26 and declined the invitation. "It would seem there is a resistance on the part of the trustees to meet with members of the government," observed Platt.

The Board of Trustees consists of seven members of the community elected to four-year terms to oversee the college's activities.

BULLETIN □□□□

A resolution expressing CSA's non-support for Senate Bill One was introduced to the CSA Monday by Political Action Commissioner Chuck Crank. Action on the motion was postponed one week to allow and solicit student input. All interested students, especially anyone supporting the bill, are requested to contact Crank in the Student Activities Office.

Editorial

Where are those trustees?

By Ed Russo

Who was not in the coop last Thursday-noon even though they received formal invitations? Norman Mailer, Murray Zatman, Linda Lovelace and F. Lee Bailey are all pretty good guesses but sorry, they're all wrong.

The answer to that seemingly trivial question that really holds great significance is the Santa Rosa Junior College Board of Trustees.

Despite oral and written invitations from student body President Michael Platt, none of the seven board members kept the date, and only one, Robert Call, sent a reply asking for a "rain check."

But we know what the board missed by not dining in the coop, didn't we? Unlucky fellows, they might regret their decision the rest of their lives when they find that the coop is an establishment of the highest quality.

Superb cuisine, a gentle low-key atmosphere and plush accommodations are a few of the coop's many enticing features.

To think that the group of men that run this college have never indulged in the cafeteria's tantalizing specialty:

steamed le'amburger with potatoes francais. What a shame that they could not enjoy the cozy intimate atmosphere which only occurs when 5,000 people are crammed shoulder to shoulder. Dispel the thought, fellow students, of the trustees never knowing the ultimate experience in elegance . . . yes, the Bear's Den!, complete with phony fireplace and swords over the door.

Not to have lived through the coop experience, well, it's almost like not to have lived at all, and these gentlemen let it slip by.

Realistically though, there are questions to be asked. Platt's real reason for the invitation was not simply to eat lunch with the trustees, but to discuss the proposed renovation of the coop and talk about the possibility of a student lounge. More importantly however, the board members would have been exposed to a small segment of campus life. Was it asking so much to have the trustees mingle for a few minutes with the people their decisions affect directly?

There they are, the board of trustees. In the course of an academic year they

loss around a few million dollars here and a few million dollars there—relying on administrators and a select group of faculty members to tell them what we, the students, want. So the administrators are our connection to the board . . . would you know SRJC President Roy Mikalson if you saw him? How about Brook Tauzer, dean of instruction? Assistant to the President Joe Johnson; or Dean of Students Garth Dougan? . . . So much for our connection.

Last December during the height of the faculty salary settlement controversy many instructors commented that they could not communicate with the board. If they could not, how are we the students supposed to when we are stuck on the bottom of the bureaucratic ladder?

The lunch invite by the student government was a small step in the right direction. Whether or not our representative body pursues the difficult and essential task of establishing a direct line of communication to the board remains to be seen.

Referred to Committee on Education

An act to add Section 25422.8 to the Education Code, relating to community colleges.

LEGISLATIVE COUNSEL'S DIGEST

AB 3418, as introduced, Knox (Ed.). Community colleges: student body fees.

Currently, there is no express statutory authority for the imposition of mandatory student body fees at community colleges.

This bill would permit the governing board of a community college district to impose a mandatory per-student fee of up to \$10 for the benefit of the student body association.

Vote: Majority. Appropriation: no. Fiscal committee: no. State mandated local program: no.

The people of the State of California do enact as follows:

^{25426:} The governing board of a community college district may fix a ~~membership~~ ^{maximum} membership fee, not to exceed ten dollars (\$10) per academic year, for the student body association of any community college which shall be required of all students attending such college. The governing board shall fix the amount of the fee in accordance with recommendations of the governing body of the student body association. All students taking one or more units shall be required to pay the membership fee.

Payment of membership fees pursuant to this section shall be prerequisite to enrollment in the community college; provided, however, that the governing board may permit installment payments, deferral upon signing of a promissory note, waiver of payment, or in lieu payment by working for the student body association in cases where the immediate payment of such fees would place an undue economic burden on a student attending the community college.

Any fees collected under this section shall be deposited in the general fund of the student body association to be used exclusively for the enrichment of student activity programs, as determined by the student body association.

Letters

Editor:

This letter is to express my disappointment that the publicity for Women's Week did not appear in the March 4 edition of the *Oak Leaf*. The Women's Collective did an outstanding job organizing the activities for Women's Week; it was, by far, the most ambitious effort undertaken by women on this campus since I have been here. I would hope that, in the future, your staff would be more conscious of student efforts such as Women's Week, and give the necessary coverage due such an activity.

Wilma Singer,
Director, Women's Center

Dear Editor:

The membership of the Alpha Gamma Sigma Club urges the SRJC administration to disregard the CSA (College Student Assembly) resolution pledging student support for a change of calendar.

In fact, the CSA does not know how the students feel about the matter, nor do they seem interested in finding out.

Some CSA members questioned a very small number of students, but by no means a representative cross-section of the student body. The CSA continues as a

whole to act in an aloof elitist manner and their resolutions do not necessarily speak the attitudes or wishes of anyone else.

We also wish to disdain the Emblen-Solkov contention that "many students" want this change. The fact is that neither Emblen, nor Solkov, have any way of knowing what 17,000 people want, do you, boys?

Alpha Gamma Sigma would like to see more attention given this matter. We believe that research into the pros and cons, and a student poll, are in order.

Dance marathon starts tonight

A dance marathon to benefit the Multiple Sclerosis fund starts at 7 tonight at the Santa Rosa Veterans Memorial Building.

Contestants are asked to arrive by 6:30 for a briefing on rules.

The Alpha Gamma Sigma and Circle K clubs at Santa Rosa Junior College sponsor the annual event, which last year raised more than \$2,000 for research and patient services.

Bands scheduled to play are: Hot Spur, \$27 Snap on Face, Odyssey, Assault, Circus, and New Moon.

John Ballotti, KSRO, will play disco music from 2 to 8:30 a.m. Saturday.

SA SUPPORT OF PROP 15

The college student assembly (CSA) voted unanimously in support of the Nuclear Initiative (Proposition 15 on the June ballot) after a one-week delay to allow members to solicit input from college students.

A resolution reading: "The College Student Assembly of Santa Rosa Junior College hereby expresses its support of the Nuclear Initiative (Proposition 15) and urges voters to vote "YES" on Proposition 15" will be sent to the local media.

"People in our age-group have the worst voting record of all-- hopefully this will get them motivated...maybe this will give it (Prop. 15) some exposure," commented Rick Oltman, endorsement coordinator for Students for Proposition 15. "Students who read about it will become acquainted with the issue."

The NUCLEAR SAFEGUARDS INITIATIVE is based on four areas of major concern:

SAFETY: Problem--emergency safety systems never fully tested. Serious accidents could release deadly radiation.

Initiative--requires that safety systems be proven safe within five years.

WASTE STORAGE: Problem--no safe, permanent storage or disposal of deadly radioactive wastes.

Initiative--requires permanent, safe storage plans within five years.

INSURANCE: Problem--existing liability limits don't compensate the public adequately in case of a major accident.

Initiative--requires full compensation within one year.

VACUATION: Problem--evacuation plans not readily available.

Initiative--requires publication of plans; annual update.

"It shows that people ARE interested..." continued Oltman of the CSA decision. Added Student Body President, Michael Platt, "I personally feel it's a very important resolution--not only for the school and students--but for the state...because it's an education initiative. Its purpose is to find out the facts. If indeed, nuclear energy is safe, Prop. 15 will allow the commission to prove it."

STUDENT "MESS HALL" Waiting patiently for approval, is a Student Affairs Committee

proposal for the renovation of the Doyle Student Center. Partitions, improved lighting and interior decorating of the COOP; a student lounge; and an outdoor eating area were among the committee's recommendations to College President, Roy Mikalson.

NON-SUPPORT OF S.B.1

In a resolution put to the CSA by Political Action Commissioner, Chuck Crank, a unanimous vote urged non-support of Senate Bill 1 (an 'up-date' of the 1909 U.S. Criminal Code).

Summed Recording Secretary, Bruce Scott after two weeks work compiling information for the Student Assembly, "I think the bill was made with a certain amount of maliciousness in mind with respect to civil liberties. The bill's all the more dangerous because so few people know what it REALLY is." Letters will be sent to Congressmen and committee members in Washington.

'We'd better not get involved--he might be a plainclothes policeman going about his work!'

The Associated Students' government presents...

FRIDAY NIGHT at the FLICKS

“ THX - 1138 ”

Hailed by The New York Times as "a visually hypnotic film," THX 1138 is notable for its stunning sets, and its haunting premise that we are being shown a view of the present as well as the future. Set in the 25th century, the film centers around a man and a woman who rebel against their rigidly controlled society, a "Brave New World" which has eliminated bravery . . . and independence, free thought... In refusing to take a daily dosage of pills that curbs all aggressive tendencies, and in becoming lovers (strictly forbidden by the government), the two mark themselves as criminals. A chilling jail-break and a harrowing flight from the authorities through vast subterranean tunnels provide the compelling climax.

Stars Robert Duvall, Donald Pleasence, Maggie McOmie.

Directed by George Lucas.

IT LOOKS LIKE spring fever. Jeanette Etienne, Santa Rosa Junior College civil engineering student, was discovered contemplating a wild flower by Press Democrat photographer Jeff Lee. The

forecast is for more warm, sunny days through Thursday. (This is from the same weather bureau that predicted rain for Sunday.)

Editorial

were beginning to have our doubts about the government's ability to decide on important issues. In all fairness, however, the CSA has accomplished a good deal so far, taking a closer look at financial grants they award, establishing communication (limited at this point) with the Board of Trustees, expanded input from the Vets and ex-offenders on campus, and the attempt to generate interest in local politics through the Candidates' Day last Monday.

These projects it must be noted are not of the controversial nature. It seems when items of importance are brought before the assembly they are postponed time and time again, due to lack of research on the part of many of the voting members. These postponements have prompted some CSA officials to wonder if their cohorts are pulling their share of the load.

It will also be interesting to see in June if the CSA (largely comprised of SFS members) fulfills its campaign promises from last fall. They are on the right track, but those indecisions and ever-present bureaucratic red tape could be a stumbling block.

The student government is in an awkward position. They have a large sum of money (from the sale of student body cards) which is used for funding programs and organizations. As a result different groups hit CSA for money every week and the assembly has to decide which program is worthy of financial support. So to say the CSA has no power (money is power, ya know) is unadulterated nonsense.

Whatever the situation, the present CSA government is by far one of the most progressive cabinets to convene at SRJC in a long time. What they need is more student feedback so they can act in the students' interest; that is their purpose, not solely to shell out cash.

The student body government (CSA) after weeks of indecision has finally passed a resolution of non-support for Senate Bill One, which they will immediately wire to Washington, D.C. This news comes as a great relief to us, as we

EXPANDED LEGAL AID PROGRAM

A review of the present legal aid program offered to Associated Student Body members indicates that expanded services are needed. The College Student Assembly believes that the expanded program will further aid students by more completely resolving their legal problems. The current program provides only consultation and advice. The C.S.A. feels that this limited program allows many of the student's legal difficulties to go unresolved.

It is hereby proposed that the C.S.A. of Santa Rosa Junior College, retain additional legal counsel under the terms and conditions which follow; this expanded program will act in conjunction with the current legal aid program. The newly retained attorney will:

- 1) Act as a liaison between an individual student and the community
- 2) Write letters and make phone calls on behalf of the student;
- 3) Draft documents necessary to resolve disputes;
- 4) Generally take a more active role to resolve student's legal problems.

It is not the intention of the C.S.A. to employ such counsel to press any action or claim against the Board of Trustees, the District or another A.S.B. member. The attorney retained by the C.S.A.'s expanded legal aid program will be specifically prohibited from these actions.

Proposed operation of expanded program follows:

Students who seek legal aid will continue to do so via the present program. If possible, their problems will be solved as they sometimes are by information and/or advice. If the attorney feels that the student needs greater involvement by counsel, he will refer the student to the newly retained attorney. Essentially, this newly expanded program is offering to A.S.B. members -- not only advice but also, if needed, action by an attorney on their behalf.

The additional attorney will be retained under a contract which provides the following:

- 1) \$250/month retainer for 10 hrs service (1 hr @ \$25/hour)
- 2) A limit of one hour attorney time per student
- 3) C.S.A. will require a monthly statement from the attorney itemizing the time used on a per case basis.
- 4) If a student's particular problem requires time greater than one hour, he will have the option to contract directly with attorney.
- 5) The newly retained attorney will hold office hours, if necessary, on a regular basis at SRJC; appointments will be set up in advance via the secretary.
- 6) If it is determined that there is a greater need for services of the attorney in excess of 10 hours/month, such additional work must be specifically approved by the C.S.A. (or the Executive Cabinet in an emergency) and will be compensated upon approval at \$25/hour.

Expanded Legal Aid Program (continued)

To implement this program for the rest of this semester we should create a budget of \$700 (or \$750). It should be noted that the proposed expanded legal aid program is based on probable need which was determined by talking to the attorney who has handled the present program.

If implemented for the remainder of this semester, the expanded program will help determine more fully the legal needs of students here and it's own usefulness, or not; and, whether more such services are desired or required. For example, in the future it will probably be necessary (financially) to retain only one attorney.

It is the intention of the C.S.A. to employ such counsel to press any action or claim against the Board of Trustees, the District or another A.S.B. member. The attorney retained by the C.S.A.'s expanded legal aid program will be specifically prohibited from these actions.

The MID-DAY BANANA

(No relation to the late, lamented "Banana Brothers")

If you wanna stick something (like a banana) in CSA's ear...drop a note in my mailbox (no material of dubious taste, smell or ticking, please).

SPEAK OUT!

It seems, according to our dear Prez, that people in CSA are reluctant to voice their opinions on issues under discussion/being considered for approval or disapproval. Those same elite Yo-Yo's sometimes dominate the discussion again and again --'cause you don't SPEAK OUT! So you are urged to go ahead and voice your opinions...ask your own questions! Don't be worried that everybody will think you're stupid for opening your mouth --they might already think you're stupid because you don't!!!!???

OFFICE HOURS

We had a for-real crisis last week when the Asst. Dean of Students, Richard Masturium, voted to dissolve the College Student Assembly for treason...We wanted to get shold of a lot of you so we could do something about this; but since you didn't have any office hours or phone numbers (Of course, you're excused of the last part if you don't have a phone..) so PLEASE fill-out a card at the secretary's desk so we can get in touch!!!

WADDA-YA-WANT!?

Those perennial ya-noos in the Executive Cabinet (who don't know enough to come out into the rain) had a meeting not too long ago to decide what their priorities in government were. WHAT IS IT

YOU WOULD LIKE TO DO THROUGH CSA?!? What projects would you like to work on..or would like CSA to work on?!!? Think about it, because we're having a Priorities Meeting very soon (hopefully...if that's one of your priorities!).

CRANK CALLS

Chuck Crank (what a name for a Political Action Commissioner!) is putting together a classroom speaking tour on Senate Bill One. You might get in touch with him if interested. Also, Crank is trying to get a Student Union going...and is considering a student-initiated suit against the Sonoma County Unemployment Dept.

AWARENESS DAY

Some CSA people want to get a committee together --students & faculty-- to sponsor an Awareness Day, to call attention to the problems faced by handicapped students at SJC. Again, if you'd like to help, contact Bruce Scott (that's me, gang), Michael Frat..er..Platt or Phil Morgan.

Friday Night Flicks want some film suggestions;

put the suggestions you have in Bruce Scott's, Butch Hoover's, or Helen Ketchum's mailbox...or in the Student Voice Boxes. PLEASE PUBLICIZE THIS WITH OTHER STUDENTS!!!

The film series is more or less breaking even these days (losin' a little, but what the h... he... hey?) and we're considering a few more expensive-type films...interested in Bogie's "The Maltese Falcon"? Rowzabout Sean Connery in "The Hill"? Then what???????

YOU DON'T HAVE TO SETTLE FOR THIS MINDLESS BABBLING..

You can produce your own! Just gitcherself a stencil and start drawin' or typin'! Alsoq there's The Bear Facts (good luck!) and The Kazoo (better chance; Lynn usually needs stud..er..stuff to fill it up) then there's Murd's..er..

brought to you as a public service...

BLESS THIS M-E-S-S

M-E-S-S (Medical Emergency Service Station) will be the place to go Friday, March 26 between 9 a.m. and 2 p.m. in the Women's Gym to part with BLOOD.

Unless otherwise specified, blood automatically be put in the SRJC account--and can be used by anyone who has anything to do with the campus and their immediate dependents.

"If you donate one pint of your blood to a certain person," added Assistant Student Activities Advisor David Herrington, "when that person needs blood, it's taken care of with no cost to the person.

"You can give blood to any account, but it's a good idea to put it in something you're connected with," continued Herrington.

As is usually the case in donations, there is a greater need than supply. The most blood the drive has ever collected has been approximately 84 pints.

The full cast of M-E-S-S will be anxiously awaiting the first "customer" to walk in.

EVERY OTHER MONDAY

ASB President Michael Platt will start off the "Every Other Monday" series with a discussion on the need for a county-wide students' organization next Monday at noon.

The series will be held every other Monday (no kiddin') in room 292 of Beech Hall at noon, according to Arts and Lectures Representative Helen Ketcham.

"If you'd like to join the discussion (or even just argue) he'll be speaking at noon next Monday...and if you'd like to follow Michael's example and talk instead of listen (!) drop a note marked "Every Other Monday," with your name, a tentative topic and a way for me to get in touch with you (like a phone number) in the Arts and Lectures Commissioner's box in the Student Activities Office."

"THE ILLUSTRATED MAN..."

From Ray Bradbury, the master of science fiction, comes one of his strangest stories, the wierd tale of a one-time circus man in search of a vanished siren-sorceress who had illustrated his body from head to toe. His tattoos plunge those who look at them into a world of the bizarre...the one bare spot an eerie projection into the future. We see a children's nursery become a lion's den in the midst of an African veldt...the impact on a family that learns the world is coming to and end...and other visions. "The Illustrated Man" is a spell-binding movie. (Color; rated "PG")

THE OAK LEAF

Mar. 25, 1976

Somebody once asked, "What do you want . . . blood?" Well, the Associated Students answer would be "yes," as they are holding a blood drive tomorrow in the women's gym from 9 a.m. to 2 p.m. According to David Herrington, assistant student activities advisor, blood may be donated to any account and JC students are eligible to receive blood out of the SRJC account as are their immediate dependents. This semester drive theme is MESS (medical emergency service station). Bleed there! . . . How cute.

Mikalson receives lounge plans . . .

by Jim Medellin

In the eastern part of the library, on a single shelf, there are some books which are no longer being printed, Santa Rosa J.C. yearbooks. In the 1954 copy along with pictures of Gaye Le Baron is a two-page spread of the newly-completed coop. Underneath the picture the caption reads, "A DREAM COME TRUE."

Twenty-two years later, the Doyle Student Center a.k.a. the Coop is no longer anyone's idea of a dream; in fact there are some who hint that it's a nightmare. Perhaps something will be done to change that if the proposed renovation of the Doyle Student Center brought up by the Student Affairs Committee is passed.

Some main points brought up in the proposal are to redecorate the main cafeteria by installing new tables, room dividers, carpets and wall decor. The faculty dining room would also be redecorated.

Expansion possibilities were brought up with the possibilities of constructing a glass wall with sliding partitions under the existing roof overhang between the main cafeteria and the old bookstore.

But the one renovation and-or addition that seems to be mentioned first by those who are ardently in favor of a change is to build a student lounge.

Dr. Roy Mikalson, president of the J.C., commented, "The proposal will be brought before the board April 12; Joe Johnson, my administrative assisstant, is handling it."

Mikalson added that matter would be discussed later this week or next.

"What probably will be done is to have an architect perform a feasibility study as to determine costs and needs," noted Mikalson.

Michael Platt, Student Body president, when asked what he thought would happen with the proposal, commented, "At this point, I really don't know. Today three members of the board have committed themselves to luncheon appointments in the coop and it will be discussed."

Bruce Scott, recording secretary for the student body, is not exactly bubbled over with enthusiasm when speaking about the coop project. "I hope it will

(cont'd from pg. 1)

pass but I just don't think it will happen. Services other than instructional are the lowest on the totem pole of priorities."

Scott said he was mildly surprised that after one and a half years student affairs finally produced a concrete proposal. "I'm also surprised some administrators are backing it."

Scott sees the feasibility study, if proven successful, another stall. "If it's found feasible, then it's added to the list of proposed buildings, and because of the low priority again, it would be the same

building for the next five years."

CARROLL

EXPANDED LEGAL AID PROGRAM

A Review of the present legal aid program offered to Associated Student Body members indicates that expanded services are needed. The College Student Assembly believes that the expanded program will further aid students by more completely resolving their legal problems. The current program provides only consultation and advice. The CSA feels that this limited program allows many of the students' legal difficulties to go unresolved.

It is hereby proposed that the Associated Students of Santa Rosa Junior College, retain additional legal counsel under the terms and conditions which follow; this expanded program will act in conjunction with the current legal aid program. The newly retained attorney will:

- 1) Act as a liaison between an individual student and the community
- 2) Write letters and make phone calls on behalf of the student;
- 3) Draft documents necessary to resolve disputes;
- 4) Generally take a more active role to resolve student's legal problems.

It is not the intention of the CSA to employ such counsel to press any action or claim against the Sonoma County Junior College District, the Board of Trustees, the Administration, the Faculty, the Classified Staff or another ASB member. The attorney retained by the SRJC Associated Students' expanded legal aid program will be specifically prohibited from these actions.

Proposed operation of expanded program follows:

Students who seek legal aid will continue to do so via the present program. If possible, their problems will be solved as they sometimes are by information and/or advice. If the attorney feels that the student needs greater involvement by counsel, he will refer the student to the newly retained attorney. Essentially, this newly expanded program is offering to ASB members -- not only advice but also, if needed, action by an attorney on their behalf.

The additional attorney will be retained under a contract which provides the following:

- 1) \$250/month retainer for 10 hrs service (1 hr @ \$25/hour) for 2½ months
- 2) A limit of one hour attorney time per student
- 3) CSA will require a monthly statement from the attorney itemizing the time used on a per case basis.
- 4) If a student's particular problem requires time greater than one hour, he will have the option to contract directly with the attorney.
- 5) The newly retained attorney will hold office hours, if necessary, on a regular basis at SRJC; appointments will be set up in advance via the secretary.
- 6) If it is determined that there is a greater need for services of the attorney in excess of 10 hours/month, such additional work must be specifically approved by the CSA (or the Executive Cabinet in an emergency) and will be compensated upon approval at \$25/hour.

Prop 15 supported by JC students

Senate Bill 1 was attacked as "malicious," and Proposition 15 (the Nuclear Safeguards Initiative) was supported by the 32-member College Student Assembly (CSA) of Santa Rosa Junior College at a recent meeting of the student government.

Reiterated by Student Body President Michael Platt, the resolution stated that "the College Student Assembly, Santa Rosa Junior College, expresses its non-support for Senate Bill 1 in its present form."

Letters containing the text of the resolution will be sent to the U.S. Senators representing

California, Congressman Clausen, and the Senate and House committees presently reviewing the bill.

The Student Assembly also voted on a motion presented by Dara May (Freshman Representative) and Rick Olman (Endorsement Coordinator for Students for Proposition 15) to support the Nuclear Initiative.

The resolution reads: "The College Student Assembly of Santa Rosa Junior College hereby expresses its support of the Nuclear Initiative (Proposition 15) and urges voters to vote 'Yes' on Proposition 15."

Four main areas of concern were "Safety — emergency safety systems have never been fully tested . . . a serious accident could result in a release of radiation; waste storage—there are presently no safe, permanent storage or disposal methods of radioactive wastes; Insurance — existing liability limits don't compensate the public adequately in case of a major accident; and Evacuation — evacuation plans are not readily available."

The resolution of support for Proposition 15 will be sent to Governor Jerry Brown and State Senators and Assemblypersons.

SPECIAL BUDGET REQUEST
COLLEGE STUDENT ASSEMBLY
APRIL 5, 1976

This is the first year that the State Department of Education has allowed for equipment purchases out of program funds; we are therefore lacking in the area of equipment. The State still does not provide funding increases specifically for equipment purchases, however, and it would take at least another three to five years of budget adjustments for us to acquire the equipment we need. A cash grant from CSA would allow us to acquire the basics, which we will be able to augment out of our regular budget in the coming years.

PROPOSED CHANGES TO CONSTITUTION

After being involved in student government for four semesters, I have become convinced that the following changes to the A.S.B. Constitution would make student government more effective, representative, and efficient. All comments and suggestions will be appreciated. I hope that a series of Constitutional revisions can be designed which will get broad support from both inside and outside student government. (If you can't find me, just put them in the Clearing House mailbox in the Student Activities Office.)

Hopefully, many persons will come to the meetings which will be held at noon April 22, 26, and 29 at noon, to discuss the amendments. On May 3, I will ask C.S.A. to put the amendment combining these revisions on the ballot for the May 12 Student Body Elections. If this should fail, I will circulate petitions to have it placed on the ballot.

Here are the proposed changes so far:

Eliminate the election of five separate officers to the Executive Cabinet, but instead elect three (possibly four) officers from a single field, such as city council elections, in which the candidates receiving the most votes would be the winners, and the one candidate receiving the most votes would become President. The others would be Vice Presidents, and the order of succession would be established by the number of votes they had each received. This is designed to get more truly representative leadership. Under the present system, the best candidates frequently "knock themselves out" in individual races, particularly the Presidential race.

The Secretary would become an appointed Executive Cabinet position, and would appoint an assistant, much like the Finance Commissioner is now. This would eliminate persons who would not make good secretaries but run for the position simply to get on the Executive Cabinet.

Any member of the Executive Cabinet could nominate appointments.

C.S.A. could remove any officer for incompetence, inattendance, etc., not simply the elected ones.

The Representatives which sit on the Executive Cabinet would be selected by the Representatives, not by the whole C.S.A. This would better maintain the Representatives' position as checking forces on the Executive Cabinet, which now, indirectly through the Commissioners, has great control over which Reps sit on the Executive Cabinet, partly nullifying their purpose there.

The members of the Election^{Committee} would have to be approved by C.S.A.

The Athletics Commissioner would be eliminated, and Commissioners would be added for Student Project Grants and Student Surveys, which would include managing the Student Voice Box program and conducting student polls.

The Assemblies and Rallies Commissioner would be Constitutionally changed to the Entertainment Commissioner.

A 2/3 vote of C.S.A. would be required to create new voting positions in C.S.A.

~~The following Rep and Commissioners would take office automatically four weeks after being nominated, if their nomination had not been voted upon: no person had been appointed to the position: Women's Commissioner, as nominated by the Director of the Women's Center, the Ethnic Affairs Commissioner, as nominated by the head of the Ethnic Studies Department, and the Law Enforcement Representative, as nominated by the head of campus security.~~

C.S.A. could overrule the Executive Cabinet by a ^{2/3}majority vote in all cases except appointments.

Abstentions would never be counted as "no" votes in CSA votes. (See Article IV, Section 3a)

The sections dealing with statutes and codes would be greatly simplified and shortened.

The Constitution Committee would be eliminated from the Constitution.

The Budget Committee would be put in the Constitution, along with clearer rules on who ^{is} authorized to dispense funds.

Several areas would be reorganized and simplified without changing their meaning.

Possible changes in the leadership of I.S.C. (see attached sheet)

All of the above are only ideas. To put the best possible set of revisions on the ballot, it has to be a cooperative effort. A better Constitution would be a lasting legacy from this semester, so I am hoping for everyone's comments, assistance, and support.

I am also hoping to put an amendment granting voting rights to all students on the ballot, but it would be voted on separately.

If you have any questions, please see me. Obviously I couldn't include every detail or all of my reasons for the changes.

THE I.C.C. QUESTION

One of the more difficult points in the Constitutional revisions is who should head I.C.C. As they stand, the proposed revisions would eliminate the separate officer elected to do this (the Vice President).

The five main possibilities are:

1. Elect a separate officer in the student body elections to head I.C.C. and sit on the Executive Cabinet (essentially the way it is now.)
2. Elect a separate officer in the student body elections to head I.C.C. and sit in C.S.A., but not the Executive Cabinet.
3. Have one of the Vice Presidents head I.C.C., probably by specifying the one with the least number of votes, or something similar.
4. Have I.C.C. select its own head at the end of the previous semester, similar to general student body elections, which would then serve on the Executive Cabinet.
5. Have I.C.C. select its own head as in (4), but she/he would not sit in the Executive Cabinet, but in C.S.A. (or could appoint a Rep to sit in C.S.A.)

What would be done with the I.C.C. Rep would depend on which of the above options was taken.

This is perhaps the point I would like the most input on. Here are some of the arguments raised, which can be applied for or against the various possibilities:

- I.C.C. would not be able to select a good head. *(Or else the best candidates wouldn't try for the office.)*
- I.C.C. would be better able to select a head better than the general student body.
- A person running for Executive Cabinet and head of I.C.C. at the same time is often more interested in Executive Cabinet than in I.C.C.
- I.C.C. needs some representation on the Executive Cabinet.
- If the I.C.C. selected someone to sit on the Executive Cabinet, it would not be representative of the entire student body, and thus wouldn't be fair, considering the power of the Executive Cabinet.
- Some of the best leadership for I.C.C. might not want to get involved in a general election.
- If one of the Vice Presidents had to do the job on the basis of the election results, it could be someone very uninterested in I.C.C.

I am very open to all comments on this issue. I am presently personally leaning against possibilities 1 and 3.

Reliable sources inform us that, as long as students don't object, tuition will be charged at Santa Rosa Junior College beginning this fall.

The tuition is rumored to be between \$25.00 and \$40.00 per student per semester at the start, with an increase of from 50 to 100% a distinct possibility for the following semester.

The reason for this "phased" increase, say our sources, is so students will gradually become accustomed to paying tuition --- rather than by being hit with the full rate (as yet undetermined) all at once.

The State department of Finance is pushing for tuition in Junior Colleges and reliable sources inform us that, as long as students don't object, tuition might be charged at Jr. Colleges as early as this Fall.

The reason for this "phased" increase, say our sources, is so students will gradually become accustomed to paying tuition---rather than being hit by the full rate (as yet undetermined) all at once.

A Review of the present legal aid program offered to Associated Student Body members indicates that expanded services are needed. The College Student Assembly believes that the expanded program will further aid students by more completely resolving their legal problems. The current program provides only consultation and advice. The CSA feels that this limited program allows many of the student's legal difficulties to go unresolved.

It is hereby proposed that the Associated Students of Santa Rosa Junior College, retain additional legal counsel under the terms and conditions which follow; this expanded program will act in conjunction with the current legal aid program. The newly retained attorney will:

- 1) Act as a liaison between an individual student and the community
- 2) Write letters and make phone calls on behalf of the student;
- 3) Draft documents necessary to resolve disputes;
- 4) Generally take a more active role to resolve student's legal problems.

It is not the intention of the CSA to employ such counsel to press any action or claim against the Sonoma County Junior College District, the Board of Trustees, the Administration, the Faculty, the Classified Staff or another ASB member. The attorney retained by the SRJC Associated Students' expanded legal aid program will be specifically prohibited from these actions.

Proposed operation of expanded program follows:

Students who seek legal aid will continue to do so via the present program. If possible, their problems will be solved as they sometimes are by information and/or advice. If the attorney feels that the student needs greater involvement by counsel, he will refer the student to the newly retained attorney. Essentially, this newly expanded program is offering to ASB members -- not only advice but also, if needed, action by an attorney on their behalf.

The additional attorney will be retained under a contract which provides the following:

- 1) \$250/month retainer for 10 hrs service (1 hr @ \$25/hour) for 2½ months
- 2) A limit of one hour attorney time per student
- 3) CSA will require a monthly statement from the attorney itemizing the time used on a per case basis.
- 4) If a student's particular problem requires time greater than one hour, he will have the option to contract directly with the attorney.
- 5) The newly retained attorney will hold office hours, if necessary, on a regular basis at SRJC; appointments will be set up in advance via the secretary.
- 6) If it is determined that there is a greater need for services of the attorney in excess of 10 hours/month, such additional work must be specifically approved by the CSA (or the Executive Cabinet in an emergency) and will be compensated upon approval at \$25/hour.

6. COMMENTS FROM THE PUBLIC & STAFF: Sandy Waterson, representing the Circle K, Greystone Club and Veterans Club, asked for an indication from the Board if it would approve the presentation of Jose' Feliciano in a Bailey Field concert on June 19, 1976, to benefit Multiple Sclerosis research and patient services, prisoner re-entry and the Veterans' book loan fund. The Board favored the proposal if the details can be worked out.

Joan Wion, President of the Academic Senate, asked for a reaction from the Board on the Resolution adopted by the Napa C/C District that the Board of Trustees (Napa) strongly encourages the State Legislature to seriously examine any and all methods to improve the situation concerning the teachers retirement program including the possibility of parity with the Federal retirement system. Additional information from Napa C/C on this subject was requested by the Board.

8. CONSENT ITEMS: On a motion by Trustee Jacobs, seconded by Trustee Haehl and carried, the following consent items were approved:
 - 1) Sabbatical Leave for Bernard Sugarman for 1976-77 school year, as an alternate for Harold L. Rodarmel, who withdrew as a candidate for leave. Linda Yamamoto-Gilling also declined to accept a leave as first alternate.

- 2) Approved affiliation agreements with Brookwood Hosp. of Pacific Med. Center; Son. Co. Mental Health Dept.; and S.R. General Hospital, and authorized the President to execute same.
- 3) Out-of-state travel request by Sharon Cooke, Child Development Program, to Chicago conference financed by a Federal Grant, \$440.

9. ACTION ITEMS:

1. EXPANDED LEGAL AID PROGRAM FOR STUDENTS: This would provide direct legal services for student members of the ASB by engaging an attorney to:
 - 1) Act as a liaison between the individual student and the community.
 - 2) Write letters and make phone calls on behalf of the student.
 - 3) Draft documents necessary to resolve disputes, and
 - 4) Generally take a more active role to resolve students' legal problems.

A \$250 per month retainer for 10 hours service for 2-1/2 months with a limit of one hour attorney time per student is provided in the contract. Mr. Peter Renko, the attorney selected to provide the services outlined, stated that the aim and goal of this proposal is to resolve the problems with the student and the economic community.

The County Counsel has given this opinion that this is outside the general functions of the Board and has recommended against such Board involvement.

On a motion by Trustee Lounibos, seconded by Trustee Jacobs and carried, the proposal by ASB for extended legal services is rejected.

2. PROPOSED RENOVATION-DOYLE STUDENT CENTER: Joe Johnson reported that, based on the recommendation of the Student Affairs Committee, he recommends the District employ an architect to develop a master plan for the facility, including the development of schematic plans and drawings, at a cost not to exceed \$6,500. This amount would be deductible from the final fee and would be paid for by use fees available from the restricted reserve.

On a motion by Trustee Button, seconded by Trustee Maggini and carried, professional service for this project is approved in an amount not to exceed \$6,500 as outlined in the proposal of the Student Affairs Committee.

3. SCPEO - CASITA VERDES PROGRAM - 1976-77: Charles Belden reviewed the progress of this program at the old Naval Air Station site and recommended the agreement be renewed.

On a motion by Trustee Jacobs, seconded by Trustee Button and carried, the SCPEO and District agreement on Casita Verdes Program is approved for the period April 1, 1976 to April 1, 1977, and will be reviewed on a year to year basis.

SRJC TRUSTEES Legal aid program proposal is rejected

Robert Call was elected president of Santa Rosa Junior College Board of Trustees and John Lounibos was named board clerk as the first items of business at the trustees' meeting Monday night on the campus. They replaced president Dr. John Jacobs and clerk Dr. Lucius Button.

Andrew Shepard, president of the Exchange Bank, presented the college with a check for \$40,000 as the latest installment from the Doyle Scholarship Fund. The fund, which was set up by Exchange Bank founder Frank Doyle, will provide \$160,000 in scholarship monies this year. The fund has provided more than 1.3 million dollars in scholarship grants to SRJC students since its inception.

Trustees rejected a request from the Associated Students to establish an expanded legal aid program with student funds. The expanded program would provide for 10 hours of aid per month, with no more than one hour per student. The total hours could be expanded, if approved by the college student assembly, but individual students would still be limited to one hour of assistance.

Associated Student Body president Michael Platt argued that the limited service was needed and that

Harbor College, Los Angeles, had a far more extensive program than was planned for SRJC.

President Dr. Roy Mikalson's recommendation to reject the proposal was based on county counsel's legal opinion that legal aid was beyond the function of the college and enabling legislation was needed to provide this service.

Several trustees expressed opposition to the concept of providing free legal aid at the college.

"We have a basic philosophical difference here," commented Al Maggini. "I do not believe legal aid is in the scope of what this college should provide. Students come here for an education, not free legal aid."

Lounibos was also concerned with the board's responsibility should the advising lawyer make a mistake and malpractice became involved.

The trustees approved several construction items, including \$6,500 for development of a master plan for the renovation of Doyle Student Center, \$7,050 to Colombini Construction Co. for removal of architectural barriers in campus restrooms so handicapped students can use the facilities, a notice of completion for the new Bailey Field Bleachers, and an agree-

ment with Sonoma County Water Co. for cooperative construction of Clement Avenue conduit.

In other action, the trustees approved a revision of the District Affirmative Action Plan made necessary by new federal guidelines, designated management, supervisory and confidential employees as required by the collective bargaining law, adopted a department chairholder policy for creating "chairs" for visiting scholars, authorized 18 new staff positions for 1976-77 primarily in support personnel, and approved numerous personnel items.

OLYMPIC EXPENSES:

Transportation	\$90.00
Lodging	\$280.00
Food	\$160.00
Misc. Money	\$70.00
Total	\$600.00

These athletes will be representing the Junior College, and their expenses would incur a financial burden because their incomes are limited. These athletes are very enthusiastic and appreciative of having the opportunity to represent their school.

If possible could the student government help finance this if not could they finance us with 300.00 and we could get the other 300.00 elsewhere.

Thank you,

Trustees can expanded legal aid

by Ed Russo

Following a tense debate between the Board of Trustees and College Student Assembly (CSA) representatives at the board's last meeting, the trustees claimed that "expanded legal aid was beyond the scope of what the college should offer" and unanimously rejected the CSA's proposal to increase free legal advice at SRJC.

Student Body President Michael Platt, Finance Commissioner George "Butch" Hoover, and the consulting attorney for CSA, Peter Renkow, presented the proposal to the board. It said, in part, "The current (legal aid) program provides only consultation and advice. The CSA feels that this limited program allows many of the students' legal difficulties to go unresolved."

A heated discussion began when trustee Albert Maggini said, "I don't feel that it is in the scope of the school. If you want legal aid there's many ways of getting free legal advice." He voiced personal non-recommendation of the proposal.

Hoover interjected quickly. "We the students, and I as a member of CSA, voted for this plan. I disagree . . . We don't think there is enough free legal

advice around, especially for the students. I feel that this program is a good one, and it is stipulated that the board would not be held responsible."

Hoover added, "There is no cost to the board."

Trustee and attorney John Louibos then asked loudly, "Who would carry the malpractice insurance?"

"Mr. Hoover, it seems there is a problem between your philosophy and my philosophy," interrupted Maggini. "We're going to have a problem because my philosophy is we're trying to have a school here, and you come to this school to get an education. I don't feel we should guarantee you free medical advice, free legal aid or anything else you would want, even if needed deservedly so. This is a school, an institution."

Hoover countered again. "I agree with you that it is a school and I'm not coming here for the particular services. But I feel that this is one service that could give help and provide aid to the students for their money."

Platt then presented a brief statement. Statistically according to the CSA president the present legal aid program, handled by instructor-lawyer Terry Curtis, is insufficient. "Since the

legal aid program has been implemented only four students have been able to retain a lawyer all the way to court," he said, and added, "50 percent of all students who seek legal aid could use a lawyer."

Platt then introduced Renkow, the planned attorney for the expanded legal aid proposition. Renkow pointed out in his opinion certain advantages that a full-time lawyer has over a part-time

Petitions are now available for Fall semester student government offices. 75 signatures are needed to get on the ballot.

Petitions must be turned in by 3 p.m., May 5. The election will be held May 12.

attorney. "The attorney here at the school doesn't have a law office and the resources, research, investigation, the phone calling, the letter writing documentation and preparation needed for common law practice."

Renkow went on, "It is not a matter of fighting it out in the courts with everyone in the community. It is solving legal problems that students get involved in as expeditiously as possible," he stated.

The question of malpractice was brought up again by Lounibos. "Any lawyer can give the wrong advice. Is that our responsibility?"

Renkow replied, "I don't see how it could be."

"You're an employee," Lounibos answered.

"Well, I would say I'd be more of an independent contractor," Renkow said.

Lounibos emphatically disagreed again and called attention to the fact that the proposal was an "open-end contract" since if needed CSA would pay Renkow more than \$250 per month.

Despite attempts by Platt and Hoover to clarify the proposal the haggling continued until the trustees took a vote and defeated the measure 7-0.

Editorial

Trustees acted in haste

As reported elsewhere this issue, the Board of Trustees rejected a student proposal for expanded legal aid. The board's rationale for their decision appeared to be based on legal and philosophical objections to the proposal.

In an apparently casual conversation with county counsel, college President Dr. Roy Mikalson obtained the impression that the legal aid proposal might not be a good idea.

"I checked it (the proposal) out with county counsel," Mikalson said at the board meeting, "and his feeling was not to recommend it."

County Counsel Vernon T. Hitchcock, in phone interviews with this newspaper, stated that he had not issued a formal opinion, as he had not been asked for one, nor had he had adequate time to study the proposal. In fact, Hitchcock stated that he had never even seen the proposal.

It appears to us that the board's decision to turn down the proposed legal aid expansion was a hasty one, based on incomplete information.

Realizing that the sheer scope of their job requires the board to oc-

asionally make quick decisions, we nonetheless feel that time should be taken by all parties involved to adequately study the proposal and make an informed judgment.

Since a larger version of the program has operated at Harbor Junior College in Los Angeles, there seems to be a strong precedent for its institution here at SRJC.

Board member Albert Maggini stated that he did not believe disbursing legal aid was within the philosophical scope of the college, that it did not relate to the educational goals of the students.

Students who have had to quit school because of tenant-landlord problems or shady consumer contracts necessitating their return to work might take issue with Maggini.

Students, being human beings, have as many legal problems as non-students.

We believe that the expanded legal aid program proposed by the College Student Assembly is a viable one, much needed by students and deserving of far more consideration by the Board of Trustees than has been given it to date.

Gayle
LeBaron

"It's easy to see," a New Englander said to me after a brief observation of Santa Rosa, "that if you're not a Burbank around here, you're a Doyle."

That's true enough. And the old-timers know it too. Last year a group of historians made a survey of old-time Santa Rosans, asking them, among other things, to name the Santa Rosan they remembered best or felt was most important in the development of this community. The winner, hands down, was Frank P. Doyle.

Of all the paternal figures who have taken their turn at "fathering" in the 140 years of Santa Rosa's history, none looms larger than that of Frank Pierce Doyle.

His smiling picture — kindly eyes, curly hair, neatly trimmed beard — beams down on the 1920s and '30s in the window of history and if we understand the scope of his community accomplishments we are no longer amazed to find his name on a park, street, a school, a college student union, a gate at the fairgrounds, a street in San Francisco. He was a man of so many accomplishments it's hard to know where to begin.

He was born in Petaluma in 1863 and inherited the presidency of the Exchange Bank from his father, Matt Doyle, in 1916. He married Polly O'Meara and established his home at Third and Pierce streets. (Interestingly, his sister-in-law, Frances O'Meara, a teacher at Santa Rosa High School for many years, placed second to Doyle as the Most Memorable Person on that Santa Rosa survey.)

The couple's only child, a son, died in 1921 at the age of 13. Doyle was obviously an astute businessman for the Exchange Bank flourished under his leadership, but his vision transcended the accepted limitations of the average "country" banker of the times.

In 1923, he called a group of interested North Bay citizens together to "talk about" the possibility of building a bridge over the Golden Gate.

Fourteen years later, as a member of the original bridge district board, Frank Doyle was accorded the accidental honor of being the first citizen to cross the bridge in a private automobile over the regular trafficway. Halfway, he got out of his car and stood on the structure his organizational ability had initiated and watched the sun set behind the Farallones — a proud moment for the man who had come to be known, sentimentally, throughout the Redwood Empire as "Father of the Bridge."

There are many other stars in Doyle's crown. He was a founder of the powerful Redwood Empire Association, a president for many years of the Santa Rosa Chamber of Commerce, one of the founders, with Joseph T. Grace and Ernest L. Finley, of the Sonoma County Fair.

Those who remember the Depression years are often quick to credit Frank Doyle with "saving" their farms through "understanding" mortgage policies, but there are indications he could use his influence in this area to persuade. Doyle loved the Sonoma Coast.

He built a weekend cabin at Bodega Bay where he and auto dealer J. H. Williams and Bay resident William (Wild Bill) Taylor and invited guests did their clamming, abaloneing and fishing — with accompanying frivolities.

Bodega Bay was also the scene of one of Doyle's less triumphant business ventures. In 1936 he and his Sebastopol buddy, Hubert Scudder (Later congressman from the First District) planted 250,000 Pacific oyster "seeds" in the bay by the Smith Brothers wharf. The enterprise was only moderately successful because the partners apparently lost interest, the fencing collapsed, the sting rays got in and the local "oyster pirates" took their toll from midnight rowboats. (I know one of these "oyster pirates." He figures it puts him in a class with Jack London.)

At any rate, in 1934 the State of California came looking for land acquisitions to form the nucleus of the present Sonoma Coast State Park. It was Frank Doyle, friend and mortgager to many of the big ranchers between Bodega Bay and the mouth of the river, who suggested "cooperation." The result was a seaside corridor of nearly 700 acres composed of pieces of many of the large ranches in the area, deeded to the state for public use.

Nor was the Sonoma Coast the only park he had a part in. Hoen Island, the little glade where Matanzas and Spring Creek come together, was a favorite walking and meditation spot for Doyle's great and good friend, Luther Burbank. After the death of his son, Doyle purchased the land and donated it to the city as a living memorial to the child.

When Burbank died in 1926, his funeral services were held in "Doyle" Park.

But Doyle's greatest legacy is not the bridge where the approach drive bears his name, nor the parks or the fair. It is the gift of education he provides yearly for 3,500 college students.

Before he died in 1948, the childless Doyle, widowed four years earlier, wrote his remarkable will. In it he left his common stock in the Exchange Bank — controlling interest — to trustees who would administer it for Santa Rosa Junior College. The interest earned by this trust last year provided \$150,000 in scholarships to SRJC, making this school unique among community colleges in educational aids.

"If it hadn't been for Frank Doyle . . ." You hear it often, talking to old-timers.

And the record shows you'd better believe it.

Dear Students:

Thank you for sending me a copy of your Resolution against a proposal to charge tuition in public two-year colleges.

In checking I find this is a proposal which was put forth by the State Department of Finance. However, you will be happy to know the proposal never got anywhere and has never been introduced in the form of a legislative bill. So, for all intents and purposes, the proposal is dead.

Thank you for sharing your concerns with me. I hope you will continue to do so in the future.

Sincerely,

Michael Wornum

FROM: Steve Malork (OAK LEAF SPORTS WRITER)

In representing the Spring Oak Leaf, I am requesting funds to cover the California State Swim meet held at Cypress Junior College (Buena Park, Cal.) on April 28, 29, 30, and May 1st and 2nd.

Following is a list of funds needed:

- a. There is no conference fee to pay
- b. \$ 10 for Transportation costs--- \$ 10
- c. Lodging- \$ 40- 4 nights - \$10 maximum per night \$ 40
- d. Food expenses- \$20- 4 days - \$5 max. per day \$ 20

Total ----- \$ 70

The purpose of this activity is to get a ~~more~~ broader view and to further my knowledge in journalism. This event will not only help me as a journalism student (and Oak Leaf member), but will enlighten my chances as I transfer from this institution hoping to make journalism my principle major.

I feel that the athletics at SRJC is one of high standards and the students, athletes, and faculty members have a right to be informed. People not only read news to be entertained, but to be informed. They do this because in a way ~~of~~ ~~it~~ they are affected.

They could always read it in the Press Democrat, News Herald, or any other newspaper but I feel that is why we have a school newspaper-- to give the students a more indept perspective on what is happening around them.

The remaining funds needed will more than likely be picked up by the Oak Leaf. If not, I will fund the difference.

Thank You,

This is the second year of our program of honoring successful and achieving minority students. Many of our students do well in school, yet do not receive recognition for their efforts. The Third World Faculty felt it was important to highlight these achievements in some fashion. For too many years, the news media and some of our institutions have dealt only with the negative images of minorities. That, of course, has to change. However, we felt that, at least at Santa Rosa Junior College, something could be done that would reflect positive minority models to our community and school.

The essence of the program is to select 25 - 30 students who are nominated by the faculty at large; and then at our annual banquet give public recognition to their efforts. This kind of rewarding visibility can only benefit the students, school, and community.

The students are encouraged to bring their parents or a friend to the dinner. They are, of course, guests of the program. In addition, we invite and look forward to having a representative group of faculty, administrators, and community people.

We are indebted to SRJC Associated Student Body for their willingness to sponsor about one-half of the funding needed for the expenses. The other half is supported by the Third World SRJC Staff. In addition, we appreciate deeply the fact that many non-Third World SRJC personnel share and support the mutual view of the program's worth and value.

One of our goals is to make this program a tradition at Santa Rosa Junior College.

If you still have your sense of humor in the matter of schools in general you can consider a document presented to the State Board of Education last fall by Superintendent Wilson Riles. Mr. Riles' "Job Descriptions:"

Board Member — Leaps tall buildings with a single bound, is more powerful than a locomotive, is faster than a speeding bullet, walks on water, dictates policy to God.

Superintendent — Leaps short buildings in a single bound, is more powerful than a switch engine, is just as fast as a speeding bullet, walks on water if the sea is calm, talks with God.

Teacher — Runs into buildings, recognizes locomotives two out of three times, is not issued ammunition, can stay afloat with life jacket, talks to walls.

School Secretary — Lifts buildings and walks under them, kicks locomotives off the track, catches bullets in her teeth and eats them, freezes water with a single glance. She is God.

So if you know a school secretary, take her to lunch. And ask her about redistricting, will you?

SEBASTOPOL IS GOING Big Time in one of the upcoming issues of "New Times." The national magazine will carry a story, tentatively titled "Pullin' in the Wind," about the Windmobile, a wind-operated vehicle developed by Sun-Wind Ltd. The patent-holder is Mark Goldes, Sebastopol alternate energizer. The writer, George Klineman, the P.D.'s Man in Sebastopol.

Also seeking an alternative are members of SRJC's great Picayune Times Star Bulletin Vigilanté Committee and Marching Band who are entering a float in the Rose Parade — IF they can find a free flat trailer to mount it on.

"We are currently considering a string of seven little red wagons, but there's got to be a better way." So says the vigilantes. Don't call me. Call the student activities (?) office at SRJC.

Editorial

CSA keeps on trying

Well, our beloved College Student Assembly has done it again. These people aren't fooling around as they have found another issue to question, and another group to do battle with.

Usually they pick on the administration . . . This time it's the faculty (Good God! the teachers. Is nothing sacred?). Don't worry, only a few of the instructors appear to be in for a headache.

If one remembers the CSA bunch has punched it out with the Board of Trustees (who could imagine), President Mikalson, the assistant dean of students, the forensics team and now the faculty Arts and Lectures Committee.

Legal aid hassle

As illustrated in the editorial cartoon on this page, the expanded legal aid hassle that has developed between the College Student Assembly and the Board of Trustees is of a very simple nature.

The board, by rejecting the expansion of the currently limited legal aid on campus, has in essence prohibited the student government from using its own money the way they would like to.

The implications of this decision border on the ridiculous. The CSA has a large sum of money they have collected from the sale of student body cards and they are trying to invest some of it into a worthy program.

Now if the CSA wanted to sink your bucks into the purchase of 10,000 frisbees we would then understand the board's attitude.

From what we have heard the CSA is upset with the committee for the reported reason that they partially fund the Arts and Lectures events (\$2,500 a year) but according to one student government member have no say when it comes to the decisions of the committee because they are outnumbered nine voting members to four.

Well then, what do these CSA rowdies want? "More contemporary films and speakers on campus," answered an assembly representative.

This latest controversy stirred up by the CSA needs more research, however, and the *Oak Leaf* will keep its readers posted and get both sides of the story before offering an editorial opinion.

But this proposed legal aid program sounds like a good one. It provides the services of a full-time attorney for student body card holders who find themselves involved in legal complications.

The trustees' reasoning appears to be, if the lawyer fouls up and gives the wrong advice then the school would get hit with a lawsuit. The truth of the matter is, it has not been proven that this could happen. The school's attorney, County Counsel Vernon T. Hitchcock, has said he has not seen enough of the CSA proposal to make a formal recommendation.

We feel that these vague technicalities should be clarified and if it's legally feasible, the expanded legal aid program should be put into action.

Students oppose tuition plan

Associated Students of Santa Rosa Junior College have passed a resolution opposing a proposal to charge tuition in public two-year colleges.

An April 19 resolution by SRJC's College Student Assembly opposed a tuition plan under consideration by the State Assembly's Finance Committee.

The college assembly indicated "community colleges because of their no tuition policy have been able to offer education to many persons who might otherwise be unable to advance themselves."

The resolution says tuition "would create a hardship for many students who are now struggling to stay in school," but facing financial hardship.

"This, along with a phasing out of veterans' benefits could create a dramatic drop in enrollment."

SRJC 'ADAPTIVE' SWIMMER TIM WOODVILLE
Entered In The Wheelchair Olympic Games

—Phot by Jeff Lee

Woodville, Kirby in Wheelchair Olympics

Tim Woodville and Jinx Kirby will carry the banner for Santa Rosa Junior College tonight in the opening round of the California Wheelchair Olympics at DeAnza College in Cupertino.

The school's Adaptive Physical Education program had expected to send four other students to the track and field and swimming meet, but all four are either sick, injured or otherwise unable to make the four-day Olympics.

Phil Morgan, 34, was entered in the wheelchair dashes, archery and ping pong, but is in the hospital recovering from a broken pelvis after his own car ran over him.

James Ball, 20, of Fort Bragg; Steve Ness, 24, of Santa Rosa; Dan Stankalis, 23, from Petaluma and Gary Piehoff, a photography student from Santa Rosa are the other team members who have been in training for nearly a year hoping to win some gold at the Olympics for the handicapped. All will miss the competition.

WOODVILLE, 25, a former Healdsburg athlete whose legs were shattered by a land mine in Viet Nam, hopes to better several Olympic games records. He has been in training with coaches Kathy Kerum, Mary Zatman and Bob Miyashiro for over a year and his clockings in training may be good enough to win at DeAnza.

Tim is swimming the 100 yard breaststroke in 1:54 and the backstroke in 1:40. He is also entered in four other events.

Jinx Kirby, 39, is afflicted with paralysis in the lower legs, but has been swimming 40 laps a day for endurance and is in shape to try for a medal sweep in the Friday through Monday meet.

Jinx is swimming the 60 yard freestyle in under 1:30, which may be good enough to win her class.

The adaptive students got a big boost—in the form of a \$500 check—from the Student Activities Office on campus to help cover expenses at Cupertino.

'Truly a
fine asset'

EDITOR: On a recent warm, sunny day at Santa Rosa Junior College, I had the pleasure of hearing Kate Wolf and her band, The Wildwood Flower, play their music during the noon hour outdoors.

Hearing their music proved a rewarding experience for me as it made me feel so content and at peace with myself. Please SRJC, give us more country-folk musical groups like Kate Wolf's.

Anyone who has a love for country-folk music and hasn't heard Kate Wolf and her group play is missing a truly pleasant experience. Thank you Kate Wolf and The Wildwood Flower for making me feel happy that day. You are all a truly fine asset to the country-folk music industry.

PROPOSED CHANGES TO CONSTITUTION

After being involved in student government for four semesters, I have become convinced that the following changes to the A.S.B. Constitution would make student government more effective, representative, and efficient. All comments and suggestions will be appreciated. I hope that a series of Constitutional revisions can be designed which will get broad support from both inside and outside student government. (If you can't find me, just put them in the Clearing House mailbox in the Student Activities Office.)

Hopefully, many persons will come to the meetings which will be held at noon April 22, 26, and 29 at noon, to discuss the amendments. On May 3, I will ask C.S.A. to put the amendment combining these revisions on the ballot for the May 12 Student Body Elections. If this should fail, I will circulate petitions to have it placed on the ballot.

Here are the proposed changes so far:

Eliminate the election of five separate officers to the Executive Cabinet, but instead elect three (possibly four) officers from a single field, such as city council elections, in which the candidates receiving the most votes would be the winners, and the one candidate receiving the most votes would become President. The others would be Vice Presidents, and the order of succession would be established by the number of votes they had each received. This is designed to get more truly representative leadership. Under the present system, the best candidates frequently "knock themselves out" in individual races, particularly the Presidential race.

The Secretary would become an appointed Executive Cabinet position, and would appoint an assistant, much like the Finance Commissioner is now. This would eliminate persons who would not make good secretaries but run for the position simply to get on the Executive Cabinet.

Any member of the Executive Cabinet could nominate appointments.

C.S.A. could remove any officer for incompetence, inattendance, etc., not simply the elected ones.

The Representatives which sit on the Executive Cabinet would be selected by the Representatives, not by the whole C.S.A. This would better maintain the Representatives' position as checking forces on the Executive Cabinet, which now, indirectly through the Commissioners, has great control over which Representatives sit on the Executive Cabinet, partly nullifying their purpose there.

The members of the Election ^{Committee} would have to be approved by C.S.A.

The Athletics Commissioner would be eliminated, and Commissioners would be added for Student Project Grants and Student Surveys, which would include managing the Student Voice Box program and conducting student polls.

The Assemblies and Rallies Commissioner would be Constitutionally changed to the Entertainment Commissioner.

A 2/3 vote of C.S.A. would be required to create new voting positions in C.S.A.

The following Rep and Commissioners would take office automatically four weeks after being nominated, if ~~their nomination had not been acted upon~~: no person had been appointed to the position: Women's Commissioner, as nominated by the director of the Women's Center, the Ethnic Affairs Commissioner, as nominated by the head of the Ethnic Studies Department, and the Law Enforcement Representative, as nominated by the head of campus security.

C.S.A. could overrule the Executive Cabinet by a majority vote in all cases except appointments.

Abstentions would never be counted as "no" votes in CSA votes. (See Article IV, Section 3a)

The sections dealing with statutes and codes would be greatly simplified and shortened.

The Constitution Committee would be eliminated from the Constitution.

The Budget Committee would be put in the Constitution, along with clearer rules on who ^{is} authorized to dispense funds.

Several areas would be reorganized and simplified without changing their meaning.

Possible changes in the leadership of I.C.C. (see attached sheet)

All of the above are only ideas. To put the best possible set of revisions on the ballot, it has to be a cooperative effort. A better Constitution would be a lasting legacy from this semester, so I am hoping for everyone's comments, assistance, and support.

I am also hoping to put an amendment granting voting rights to all students on the ballot, but it would be voted on separately.

If you have any questions, please see me. Obviously I couldn't include every detail or all of my reasons for the changes.

THE I.C.C. QUESTION

One of the more difficult points in the Constitutional revisions is who should head I.C.C. As they stand, the proposed revisions would eliminate the separate officer elected to do this (the Vice President).

The five main possibilities are:

1. Elect a separate officer in the student body elections to head I.C.C. and sit on the Executive Cabinet (essentially the way it is now.)
2. Elect a separate officer in the student body elections to head I.C.C. and sit in C.S.A., but not the Executive Cabinet.
3. Have one of the Vice Presidents head I.C.C., probably by specifying the one with the least number of votes, or something similar.
4. Have I.C.C. select its own head at the end of the previous semester, similar to general student body elections, which would then serve on the Executive Cabinet.
5. Have I.C.C. select its own head as in (4), but she/he would not sit in the Executive Cabinet, but in C.S.A. (or could appoint a Rep to sit in C.S.A.)

What would be done with the I.C.C. Rep would depend on which of the above options was taken.

This is perhaps the point I would like the most input on. Here are some of the arguments raised, which can be applied for or against the various possibilities:

I.C.C. would not be able to select a good head. *(Or else the best candidates wouldn't try for the office.)*
I.C.C. would be better able to select a head better than the general student body.

A person running for Executive Cabinet and head of I.C.C. at the same time is often more interested in Executive Cabinet than in I.C.C.

I.C.C. needs some representation on the Executive Cabinet.

If the I.C.C. selected someone to sit on the Executive Cabinet, it would not be representative of the entire student body, and thus wouldn't be fair, considering the power of the Executive Cabinet.

Some of the best leadership for I.C.C. might not want to get involved in a general election.

If one of the Vice Presidents had to do the job on the basis of the election results, it could be someone very uninterested in I.C.C.

I am very open to all comments on this issue. I am presently personally leaning against possibilities 1 and 3.

CONSTITUTIONAL REVISIONS (May 3, 1976)

All revisions are numbered as they will be brought up at today's meeting.

Article II

Replace Article III as now written with a revised version (attached). The revised version makes the following changes.

The Vice President is renamed I.C.C. Chairman.

The Executive Vice President is replaced by two Vice Presidents, which are elected from the same field as the President, with the President being the candidate receiving the most votes.

The elected Secretaries are replaced by an appointed Secretary and Assistant Secretary, of which the Secretary would sit on the Executive Cabinet, and the Assistant Secretary would be a member of C.S.A., and sit on the Executive Cabinet in the absence of the Secretary.

Any person on the Executive Cabinet could nominate appointed officers.

Moves the Election Committee into Article III.

Delete Section 2 of Article VII and renumber Section 3 as Section 2.

Replace Section 2 of Article IV with

"The voting membership of the College Student Assembly shall consist of all elected and appointed officers, as defined in Article III, Sections IIIA and IVA."

 - 10) Proposed change deleted as unnecessary.
 - 11) Under the section describing the Finance Commissioner, add "f) Appoint the members of the Budget Committee with the approval of the College Student Assembly."  - 14) Clarify Section 3A by substituting "voting" for "present".
 - 15) Reorganize Article IV without changing provisions by substituting "offices created" for "offices deemed necessary" in Section 2, and creating new Section 5 (old Section 5 becomes Section 6) with 5A being "EXXX Additional voting positions in the College Student Assembly can be established by majority vote of the College Student Assembly." Section 4B would be renamed Section 5B, Section 4I would be renamed Section 4B, and Section 4J would be renamed Section 4I.

1) This enabling clause, to take effect immediately upon passage. 2) The elections for Spring 1976 officers shall be held in accordance with Article III as amended. All amendments shall be first subject to further amendment on the first day of the Spring 1976 semester.

CONSTITUTIONAL REVISIONS

These are the proposed Constitutional revisions that I will bring before C.S.A. Monday. During the week I have not had time to write all of the exact words which will be proposed, especially since I have tried to take input for as long as possible. (And some changes still could be made.) In C.S.A. the best procedure will be to take a separate vote on each item, and the proposals which get a 2/3 vote would be combined on the ballot as a single series of revisions, except for the voting issue, which should definitely be kept separate. Monday C.S.A. will be voting not from this sheet but from exact written proposals.

Some of the changes on this sheet are new, mostly from the result of various suggestions, and some have been deleted. In particular, I am not including the suggestion of a paid Secretary only because there is apparently considerable question about the continued availability of Work Study money.

The changes are numbered as they will be voted on.

Article I

No changes

Article II

- 1) Eliminate items B, G, and H, as beyond student government control. Delete C and substitute "B. Eligibility for membership in C.S.A." Combine A, D, E, and F into a single A. Reletter I as C and J as D.

Article III Officers and Duties

- 2) Reorganize entire third article, without changing content except The President and two Vice Presidents would be the top three vote getters in a single field, with the President being the one who got the most votes, unless he declines the position. The Vice Presidents would be assistant administrative officers, as the Executive Vice President is now. The Secretary positions would be replaced by a Secretary and Assistant Secretary, comparable to the Finance and Assistant Finance Commissioners. They would be appointed by the President and Secretary, respectively, and confirmed by the Executive Cabinet. The Secretary, or in his/her absence, the Assistant Secretary would sit on the Executive Cabinet. The line of succession after President would be 1) the Vice President receiving the most votes, 2) the other Vice President, 3) the I.C.C. Chairman, 4) a person elected by a majority of C.S.A. The current Vice President would be renamed I.C.C. Chairman, and be elected separately, and sit on the Executive Cabinet (same as now). The section dealing with the Election Committee would be moved without change from Article VII to Article III. *Will also change names of officers as necessary throughout Constitution, and list all officers: the President, Vice Presidents, Finance, Sec, and I.C.C. Chairman, and 2 Reps, as Exec. Cab members*
- 3) The Athletics Commissioner ~~Eliminate~~
- 4) Change Assemblies and Rallies Commissioner to Entertainment Commissioner, and add to responsibilities "Arrange for musical and other entertainment on campus".
- 5) Add Project Grants Commissioner, to appoint, with approval of C.S.A., the Project Grants Committee, and chair it, and generally supervise disbursement of student body funds to individuals for projects.

- 6) Add Veterans' Commissioner
- 7) Add Student Surveys Commissioner, to conduct polls as directed by C.S.A., and manage Student Voice Box program
- 8) Add Ex-Offenders Commissioner
- 9) Add Student Activities Commissioner, to be appointed by Student Activities Advisor and confirmed by Executive Cabinet. (This is proposed by Rick Narad. I do not personally endorse this revision.)
- 10) Change the Ethnic Minorities Commissioner to a one-semester (instead of a one-year) appointment.
- 11) Under Finance Commissioner, add (f) Appoint the members of the Budget Committee, to be confirmed by C.S.A. The Budget Committee shall oversee the expenditure of A.S.B. funds, propose budgetary changes to C.S.A., and draw up, for C.S.A.'s approval, the yearly student budget.
- 12) Any member of the Executive Cabinet could make nominations for otherwise Presidentially nominated offices. Also must replace Art V, Sec. 1A with "To appoint officers as provided in Article III."

~~XIX~~ Article IV

- 13) Change name of College Student Assembly to Student Senate (or other suggestion not yet received) throughout Constitution. (This is proposed by Bruce Scott. I am personally neutral towards this revision.)
- 14) Clarify Section 3A by substituting "voting" for "present".
- 15) Reorganize Article IV without changing provisions by substituting "offices created" for "offices deemed necessary" in Section 2, and creating new Section 5 (old Section 5 becomes Section 6) with A being "C.S.A. can create additional positions in C.S.A. as deemed necessary by majority vote." Section 4B would be moved to Section 5B, Section 4I would be renamed Section 4B, and Section 4J would be renamed Section 4I.
- 16) Will only be brought up if 15) is passed. Substitute 2/3 for "majority" in Section 5A.
- 17) Will only be brought up if 15) is passed. Add Section 5C "By a 2/3 vote C.S.A. can overturn any action of the Executive Cabinet except those relating to appointments."
- 18) In Section 5B if 15) passed, or in Section 4B if it is not, delete "elected". (Would let C.S.A. remove any officer, not simply appointed ones.)

~~XIX~~ Article VI

- ~~XIX~~ 19) Removes head of I.C.C. from Executive Cabinet by removing it from Executive Cabinet list in Section VA, and from line of succession to Presidency. Will not be brought up if 2) doesn't pass.

~~XIX~~ Article VII

- 20) Deletes Section 1 (Constitution Committee) and renumbers others.
- 21) The Elections Committee must be approved by C.S.A. (Still nominated by Elections Commissioner.)
- 22) Move Section 3 without changing it to article 3, Section 3L. (Allows the President to appoint members of committees.)

Re: 76-77 forensics expenses
payable in advance

In accord with our discussions with the Budget Committee, Mr. Sonnenschein and I have prepared this list of items which we would normally pay for next year, but which are predictable enough to be payable in advance. Also, I believe we still have a balance of about \$50.00 in our current account.

I. Association Dues

1. Northern California Forensics Assoc.	10.00
2. Pacific Southwest Collegiate Forensics Assoc.	12.00
3. Phi Rho Pi	25.00
	<u>47.00</u>

II. Tournament Registrations (based on this year's costs, and allowing for probable fee schedule increases). If fees did not reach the pre-paid figure for a given tournament, we would, of course, be refunded the difference. Checks should be made out to the schools listed, except as noted:

1. Capitol Invitational (Sac. State) check payable to: Mr. David Wagner	75.00	
2. Calif. State University, Humboldt	50.00	
3. University of the Pacific	100.00	
4. Northern California Forensics Assoc. (fees for Fall Championships)	125.00	
5. Cosumnes River College	75.00	
6. Sacramento City College (fees for Governor's Cup Tournament)	75.00	
7. the "Cerritos" tournament presents a problem. It may be at Riverside, therefore is not pre-payable		
8. Santa Rosa Invitational	we pay no fees	
* 9. California Community College Forensics Association (fees for "state")	150.00	
10. Nationals	district responsibility	
11. Northern California Forensics Association (fees for Spring tournament)	<u>50.00</u>	
	total registration fees	700.00
	plus Assoc. dues	47.00
	Pre-payable total	<u>747.00</u>

* This is a fee for the State tournament, which was not approved as part of the Forensics 76-77 allocation.

Students lose push for equal representation

A College Student Assembly proposal calling for equal representation on the faculty-dominated Arts and Lectures Committee was soundly defeated last Tuesday by a 7-2 vote.

CSA Finance Commissioner Butch Hoover and four other students presented the proposal to the committee, requesting that the number of student and faculty voting members be identical.

"We feel the students aren't getting the kind of entertainment they want," Hoover addressed the committee.

"What we would like to see is equal representation — something like five voting students and five voting faculty members," he said.

"It is not up to the committee to decide how it is going to be set up," responded instructor Everett Traverso, "It is up to the board of trustees."

Traverso then recalled how difficult it was to form the Arts and Lectures Committee back in 1973.

"It was literally six months

apathy charges by stating, "Students who have served on the committee feel intimidated and powerless because they

Everett Traverso argues that equality for students might mean dissolution by the board

are outnumbered. They also feel that the faculty does not listen to them anyway."

The question of block voting was then raised by the instructors. If equal representation was granted what would prevent an "us versus them situation?" they asked.

Instructor Steve Bernstein then proposed that a Quorum be implemented. This Quorum, he said, would consist of four faculty members and two students and would be the official governing board of the committee.

Any business the committee might carry out would have to meet with the quorum's approval first. Bernstein added this would guarantee students a voice on every matter.

The meeting was well into its second hour with no apparent end in sight when

the vote was taken. Despite last ditch attempts by Hoover and other students to convince the faculty of their argument (cont'd on next pg.)

CSA keeps trying

(cont'd from pg. 1)

the measure was defeated handily, 7-2.

Bernstein's motion passed also easily by a 5-2 vote, with three members abstaining.

Surprisingly enough, two student representatives on the committee helped defeat the CSA request. One of them,

Diana Hoover, said after the meeting that she felt the move for equalization was "premature".

"It was obvious the faculty weren't going to go for it (the proposal)," she said, adding that they seemed "threatened" by the possibility that the students "might

vote as a block" if they were to achieve equal representation.

Ms. Hoover added that she voted for Bernstein's proposal, saying that she felt that it had a chance to work and could, in time, lead to a more equalitarian committee structure.

Pull down.

Editorial comment . . .

Another attempt by the College Student Assembly (CSA) to have an equal say in certain affairs of the college fell flat on its face last Tuesday as the Faculty Arts and Lectures Committee defeated the CSA's equal representation proposal by a 7-2 vote.

The Arts and Lectures Committee, by the way, is the organization responsible for the "Great Speaker Series" and all those wonderfully informative noon-time lectures.

The proposal brought before the Arts and Lectures group by CSA Finance Commissioner George "Butch" Hoover and four other students demanded that the number of students and faculty members be identical, thus insuring students equal voice in the decisions of the committee.

As it stood before, the faculty had nine votes while the students had four. Hoover tried to change that ratio Tuesday, but it was evident from the start of the meeting that the instructors were not going to agree.

After Hoover made his bid, the faculty members, most notably, Everett Traverso, Dan Goulart and Arnold Solkov, brought up how hard it was to form the committee in the first place. Another argument was the "old reliable student apathy" and no real input from past CSA governments and the student activities office.

The most interesting of the remarks, however, came from Traverso when he gave the impression that the board of trustees would not be particularly pleased with equal student votes on the committee and would probably disband the Arts and Lectures Committee if students got an equal say.

That argument is either a blatant cop-out or these people are afraid of the board and/or the students.

Anyway the meeting dragged on with no real end in sight. Instructor Steve Bernstein, who took a fairly neutral stand throughout the whole af-

fair, then proposed a compromise.

A quorum comprised of four faculty and two students would oversee all the decisions of the committee and no business could be carried out without the quorum's approval.

While all this was going on, poor Hoover was doing a slow burn as he could probably see his efforts going down the drain.

Soon it was "let's take a vote time" and, as expected, Hoover's proposal was soundly walloped. Interestingly enough, two students voted against the proposition with Hoover and student Clare Capadona the two lone votes backing the proposal.

Then it was "Let's pacify the students" time. Bernstein's proposition was voted on and passed easily.

After the meeting a committee member commented that the quorum set-up is "Going to be the shits," because if certain members of the quorum don't show up, business could not be carried out, especially spur-of-the-moment decisions.

We couldn't agree more. The Arts and Lecture set-up is unfair and as long as students do not have an equal say, CSA should not contribute a penny of your money to their elitist organization.

A College newspaper does not normally take a stand on student body elections, probably because they fear that if "the other side" wins, the newspaper may suffer the next time budgets roll around. *The OAK LEAF*, like most school newspapers, is partially funded by the Associated Students.

As editor, I would like to take a personal stand, rather than a staff one. I personally am voting for Butch Hoover and most of the other Students For Students candidates (designated by 'S' on the ballot) because I feel we need progressive people with some experience to fight for the rights of all students. Few of the students running as independents seem to

IT GIVES THE LITTLE BUGGERS A SENSE OF PARTICIPATION!

have the necessary experience; and, quite frankly, the Action Students ('A' on the ballot) seem to be too much into "law'n' order" for my tastes, especially their presidential candidate.

Dear

We would like to express our appreciation for your consideration of our proposed benefit concert.

We regret to inform you that due to a change of Mr. Feliciano's manager we are unable to bring him to Santa Rosa Junior College.

Thank you for tolerating the verbal abuse you received at the Board Meeting from an interested but uniformed person.

The uniformed person was brought up to date about our plans shortly after the meeting and received a short lesson in protocol and manners.

Thank you again for your consideration.

I HAPPEN TO HAVE quite a large T-shirt collection myself. My sentimental favorites are limited editions of The Bodega Bay Eating, Drinking and Debating Society emblem, a seagull with a wine bottle in one claw and a guitar in the other, and the Salmon Creakers football team shirt. One of my other favorites is the official shirt of the Picayune Times Star Bulletin Volley Ball and Rat Slugging Team. One of the most esoteric in my collection is a softball jersey from the Island Dodge Aloha Club team in Lahaina, Maui.

'SEVEN DAYS'

Film, music festival opens at SRJC

Jazz vibraphonist Cal Tjader and a screening of "Monty Python and the Holy Grail" are two of the highlights of "Seven Days in May," an entertainment festival starting Sunday at Santa Rosa Junior College.

Sponsored by the Associated Students, the festival begins at 7 p.m. Sunday with "Shoeshine" and two shorter cinema presentations in Burbank Auditorium. Admission is \$1 at the door, 75 cents general advance, 50 cents with student body or gold card.

Rock band "Carrie Nation" will perform at noon Monday in front of Pioneer Hall, followed by an afternoon of free movies. Tjader's performance will be at 7 p.m. in Burbank Auditorium.

Tuesday afternoon will feature free screenings of student films and short subjects. At 8 p.m. "Monty Python and the Holy Grail" will be shown in Burbank Auditorium.

The SRJC Jazz Band will perform a free concert during the noon hour on Wednesday, followed by a free screen-

ing of "The Tiger Makes Out," starring Eli Wallach and Anne Jackson, and other selected films.

Thursday's events are still tentative, but include a number of films selected from the college catalogue.

Friday night, the students' film committee will show a Mel Brooks film, "The Producers," featuring Gene Wilder and Zero Mostel, in Bech Hall at 7 and again at 9 p.m.

Saturday night, "The African Queen," starring Humphrey Bogart and Katherine Hepburn, will be presented in Bech Hall at 7 and again at 9 p.m.

Advance tickets for Cal Tjader's performance are \$1.50 for student body or gold card holders and \$2.50 general.

"Monty Python and the Holy Grail" tickets are \$1 for student body or gold card holders and \$1.50 general.

Advance tickets to all events for which admission will be charged are available from the Student Activities Office, Pioneer Hall, 544-0822.

Letters to the Editor

Dear Editor:

I'm sorry that I feel this way, but I think that you did a real hatchet job on the Arts and Lectures Committee, and I think that your peevishness with us is a result of the fact that we seem to be committed to "all those wonderfully informative noon-time lectures."

If you ever bothered to come you might observe that sometimes they are more entertaining than informative, but almost always worthwhile. As a matter of fact, our commitment to make that program something more than rock music reminds me, a little, of the attempt to make the *Oak Leaf* something more than the results of last week's basketball scores.

Bernie Sugarman

Dear Editor:

I was distressed by the tone of your May 6 editorial concerning the Arts and Lectures Committee meeting on May 4. In your editorial on April 29, you suggested you were going to "get both sides of the story before offering an editorial opinion." It appears you failed to do that.

The story which reported on the May 4 meeting during which student participation was discussed left out several major points. It failed to mention that voting in the committee is usually by consensus and not by majority. It failed to mention that until budget and election time neared, only one student from among four supposedly assigned to the committee participated in meetings. And it failed to mention that the amount of money contributed by the CSA represents only a small fraction of the annual budget with which the committee works during the year. I assume your editorial was based upon this story.

One sentence in particular bothered me: "... and all those wonderfully informative noon-time lectures." This

raises a basic question which can only be answered by saying that the college exists for education, not entertainment.

Sincerely,
Pat Broderick

Unsinkable, he reminds me of the monitor,
or Huckleberry's raft,
luxuriating on the brown drift
through everlasting green,
or the Great Eastern
laying cable across the Atlantic
with all the frantic little fishes down
below
nibbling the leaden sheath,
amazed at the furor of messages, to and
fro.

In the turmoil of our hot little seas,
he reminds me of a carpenter,
unhurried, tanned, and tolerant,
stirring his tea
with a tough, sagacious thumb.

Editor:

I believe that a disservice was done to the student body candidates and to the students by the *Oak Leaf's* political coverage last week. The paper smacked of advocacy which has no place in a paper of this type under the circumstances involved.

I take exception to the editorial support of Butch Hoover and the front page article, with photo (poorly reproduced as it was), concerning Hoover's battle with the Arts and Lectures Committee. The Arts and Lectures article seems too well-timed for coincidence.

At this point all that I have seen, other than the *Oak Leaf's* Hoover coverage, are campaign signs that only give names. Speeches by the Coop can only reach a small group by the *Oak Leaf* is available to everyone.

I know, like, and presently support Hoover, but I believe that the *Oak Leaf's* advocacy almost assures him of victory.

With only a week for the campaign the opportunity for candidates to present their platforms is severely limited.

I suggest that in the Fall the *Oak Leaf* give equal coverage to all candidates. A page (or more) equally divided between them for presentation of their platforms would give the widest exposure of the candidates to the students.

Thank you,
Chuck Henrikson

Editorial bulletin . . .

Being cramped as we are for space and time this issue, we nonetheless would like to make a few cryptic editorial comments (but to understand 'what of' we speak, please read the *Letters*). . .

Sugarman calls Arts & Lectures "more entertaining than informative"; Broderick says "the college exists for education, not entertainment"; we ask, "Is there anything wrong with education being entertaining?"

Thanks for your concern, Henrikson. The main problems with election coverage stem from the hurriedness of the affair. (We intend to get into that next issue.) Also: yes, it *was* a coincidence.

Rick Narad devoted much of his noontime candidate's speech (Monday) to attacking the *OAK LEAF*, with a predictable backlash: two other members of the editorial board have now joined

Russo in endorsing Butch Hoover for ASB president, with the other three (and the advisor) remaining uncommitted.

Until next issue, Om Shanti! (And however you vote Wednesday, please do . . . vote, that is.)

Seven for 'S', Two for 'A', one undecided . . .

Hoover vs. Narad in ASB run-off next week

by Loree Camden & Staff

Blazing heat seemed to have withered many people and kept them away from the polls yesterday. Only 400 interested students voted in the Associated Student Body elections out of approximately 4,000 eligible, the lowest voter turn-out in years.

Slates won out over independent candidates, with seven of the nine fall ASB offices at stake going to Students for Students ('S' on the ballot) and two to Action students ('A' on the ballot).

The tenth and most important office, that of president, will be determined at the run-off election to be held next Wednesday. In the running are Butch Hoover (S) and Rick Narad (A).

(The third candidate for president was Mark Whittig, who ran as an independent.)

The executive vice presidency went to Dara May (S), who defeated independent candidate David Ball, 192-167.

Jerry Babineau (A) won over Mary Ellen Bucci (S) in the contest for the vice presidency, 199-178.

The only large difference in votes came in the race for recording secretary with Diana Hoover (S) defeating Lilibet Haskel (A), 224-156.

For the second semester in a row, Michael Bard (S) was elected corresponding secretary over Lydia Hall (A), 209-170.

All four Students for Students candidates for Sophomore Representative were elected: Audrey White (with 235 votes), Joseph Hawkes (220), Rick Oltman (211) and Steve Malork (210). Action candidate, Janice Donahoo was also elected (with 229 votes).

The Presidential Candidates . . .

Campaign issues and slogans seemed to fly across campus as fast as the mimeograph machines could print them up during Wednesday's election.

While one candidate had his mother campaigning for him and another had his children at work, non-candidates and former student body officers Mark Stegeman and Michael VonderPorten passed around their own campaign literature, endorsing individual slate members and independents alike.

The *OAK LEAF* contacted the three presidential candidates late Wednesday night.

Independent candidate for president Mark Whittig said, "I received 41 votes and I thought that was pretty good."

Whittig pointed out that the two slates, between them, managed to muster "30 to 40" campaign workers. Whittig stated that he and a friend campaigned on their own.

Whittig said that he would support Hoover in the run-off election. He said plans to stay involved in student politics and offered several suggestions for future student body elections.

"We should have had more time to plan (for the election)," said Whittig.

"Tuition at SRJC is definitely one of the major issues in this election," said Narad.

"I was involved in getting a proposal from the CSA (College Student Assembly) and a letter sent to the governor against tuition at SRJC. We received a letter back thanking us for our interest," he said, adding, ". . . tuition isn't a big concern now that it won't be charged next year, but it could be in the future."

"It (tuition) is a safe issue to oppose," said Hoover, "since SRJC President Roy Mikalson already stated there would be none."

One of Hoover's most-stressed issues is mandatory teacher evaluation by students.

"I feel this would not only be an aid to students in the selection of classes during registration," he said, "but also an aid to teachers in evaluating themselves."

Hoover stated that when the college accreditation team gave its oral report in March one of the needs they pointed to was for regular teacher evaluation.

Student parking on campus "is another issue that should be considered," said Narad. "I would like to see this campus try sub-compact parking spaces. We have six spaces like this now and I keep an eye on them."

"People are pretty good about not parking Cadillacs and I think they would do this in other spaces," he said.

Expanded legal aid is one of the programs Hoover supports. "I encourage all students to attend the May 24 meeting of the board of trustees," he said, "as this is one of the items on the agenda."

Hoover added that this "will raise the serious question of the students' rights to initiate programs of their own at no cost to the district."

Narad favors additional bicycle and motorcycle parking, citing his involvement with the Parking Judiciary Committee and his successful fight to eliminate "bail" on parking tickets as examples of his inducement.

He also favors re-establishing the student voice boxes and working for varied entertainment and dances.

Hoover favors low-cost entertainment, citing "Friday Night at the Flicks" and the upcoming entertainment festival as examples of programs he's helped initiate.

He also favors lobbying to raise work-study salaries to the minimum wage, sponsoring survival lectures on such topics as legal aid and consumer ad-

Butch Hoover

vice, and more equal student representation on college committees.

Narad, a graduate of SRJC who obtained a waiver from the dean of students to run for ASB president, is majoring in Fire Science. His background in student government began in sixth grade when he ran for class treasurer and was "soundly defeated." Since then he has been involved in student government, lately as the Inter-Club Council's (ICC) representative to CSA.

Hoover became involved in student government during spring registration when he first entered the Student Activities Office (SAO) to complain about the ASB waiver table. He has been involved in student government this semester as Finance Commissioner.

Both Hoover and Narad serve on college committees and advocate a student appeal/hearing board.

Hoover favors opening-up voting to all students, while Narad does not.

Proposition 4

WE CONTINUE our analysis of the 15 propositions on the California ballot with a discussion of Proposition 4, an important measure to Sonoma County.

PROPOSITION 4: This proposition authorizes the state to issue \$150 million in bonds to continue to help community colleges in California construct needed facilities. The 1976-77 state budget calls for the sale of \$34 million in bonds.

Proposition 4 is very important to the development of our own excellent community college, Santa Rosa Junior College.

Of the \$34 million budgeted this year in the state, Santa Rosa Junior College will receive \$1,859,900 for construction of a new Environmental Science Building. Another \$120,600 will be used to equip the new Liberal Arts Building on the SRJC campus.

IN ADDITION, SRJC has applied for about \$3 million in matching funds for construction of a Trade-Technical Building, for an addition to the Drama-Music Building and for remodeling of Analy Hall.

The state provides about 60 per cent of the funds for these new campus buildings. The local share is provided by the taxpayers of Sonoma County Junior College District.

We are fortunate to have a very able Board of Trustees and administration at Santa Rosa Junior College.

We say that because the present tax rate for the SRJC district is only \$.61 per \$100 of assessed valuation. Of this amount, only 8 cents is allocated for building costs.

Santa Rosa Junior College is providing a vital educational service for 19,000 students. Passage of Proposition 4 will enable the college to proceed with a well-planned program to provide needed facilities for these students.

THE PRESS DEMOCRAT urges a "yes" vote on Proposition 4.

Marching companions are diverse

It looks as if everybody loves a parade. The May 22 Luther Burbank Rose Festival Parade order lists a record 223 entries. (Last year's parade, with 206 entries, ran two and a half hours.)

“Everybody” who wants to get into the act this year ranges far and wide, from the Marching Male Chauvinist Pig Band to “Equal Rights for All,” a float sponsored by Santa Rosa Business and Professional Women's Club.

And from the John Birch Society with “Our American Heritage” to the Picayune

Times Star Bulletin Vigilante Marching Band and Drinking Society, with “Spirits of America in Roses.” (Last year, that group took a second prize with its “Goldilocks and the Three Beers.”)

May 19, 1976

After considerable deliberation, I am stopping my Constitutional amendment drive. This is not because I fear defeat, for I believe that I could and would win. Also, I have little doubt that all of the finalized revisions, particularly the changing of the top officers, would improve the operation and representativeness of student government. Similar systems work extremely well elsewhere. No one has yet denied the fundamental advantage of the one-field system, or offered convincing disadvantages.

However, two things have become clear.

First, there has been inadequate discussion and debate on the proposed revisions, both inside and outside of student government. This is not my fault, since I have made substantial efforts to reach both areas and stimulate some interest. I suspect I may have been attempting the impossible. Nevertheless, it seems that if it is so difficult to arouse interest in the Constitution, not only is it unjust to force a special election now, which I would probably win if only because of the small turnout, but it may not even be worth the while.

Second, it is apparent that most of the incoming student officers as well as the Activities Advisor are hostile, or at best neutral, to the principal proposed changes. No matter how good the changes are, they are bound to fail in such a climate, and perhaps even further retard student government. Quite possibly they would be repealed before they would have a chance to prove themselves.

Either way, I would win the battle but lose the war.

I believe that much (but certainly not all) of the opposition is simply a reaction against change. To substantiate this, consider Monday's vote on the Student Surveys Commissioner. It is an excellent idea, and needed. The Student Voice Box has a tremendous potential for improving communication, yet no one is doing the job. If the C.S.A. wishes to start student polling, someone will have to do that, too. I haven't even heard any arguments against it, except that the Representatives should do it, which in light of past experience is fanciful and unrealistic. (If Mr. Herrington therefore sees the Representatives as useless, as he suggested Monday, then let him propose ~~xxxxxxx~~ to eliminate them. I believe that they serve an important and balancing function simply by being in the Assembly.)

Yet, with little discussion, the Assembly moved to vote immediately and defeated it.

In every instance the Assembly voted against change. The three revisions that were approved were the three which are already in effect, even if they aren't in the Constitution. Those three had to be passed to avoid change.

I guess you're lucky I wasn't elected President. I wanted to rip most of the student government apart and start fresh.

In any case, I appreciate the help, support, and intelligent disagreement I have received from some members. I will be at next Monday's meeting to answer any questions about the remaining revisions and to push for the voting rights amendment, since it has received much wider discussion, and since its success would be self-fulfilling, not depending on the opinions of the student government or the Student Activities Office.

Sincerely,

Mark Stenzen

New ASB President Elected

Hoover wins over Narad in ASB run-off

Associated Students' elections for this fall's offices came to a close Wednesday when Butch Hoover (S) was elected over Rick Narad (A) to the office of ASB president in a run-off.

Hoover tallied 175 votes to Narad's 154. There were 12 "no" votes cast (with either both candidates' names marked, or neither), for a total of 341 votes cast.

For the second consecutive semester, Students for Students ('S' on the ballot) captured the majority (eight out of ten) of offices. Two students running on a slate called "Action Students" ('A' on the ballot) were also elected this semester.

Hoover's reaction . . .

When asked how he felt about the overall election, Hoover replied, "It was worth going through all the hassles and the effort that was put towards this campaign."

"It was my first election," he said, "and I was very disenchanted by the misrepresentations that were made. I would just like to forget all that and just go to work."

Hoover's main goal as president next year is to amend the ASB constitution and give all students voting rights, a measure currently on the College Student Assembly's agenda for May 24.

"I'd like all students to show their support at the CSA meeting Monday," he said.

Hoover feels that mandatory teacher evaluation should be instituted at SRJC. Working towards that goal, he will first petition the (faculty) Academic Senate and then the board of trustees.

He also feels that student participation on college committees should be stressed.

"I feel we should re-examine the structure of all campus committees," he said, "and make sure that all students are adequately represented."

This coming semester, Hoover would like to see the expanded legal aid program being pushed for by CSA implemented.

"This can be accomplished by strong student support at the May 24 board of trustees meeting," he said, adding, "The county counsel has recommended that the program not be deleted, but closely studied."

Hoover noted that a more expansive legal aid program than the one CSA proposes is currently in operation at L.A. Harbor College.

Hoover also intends to provide more low-cost entertainment.

"The key to this is that it be student-sponsored and student-oriented," he said. "Monty Python and the Holy Grail" was shown on the same night as the Arts and Lectures

(Committee's) Count Basie concert and paid for itself with over 375 attending."

Hoover concluded by saying, "The function of all Associated Students is to represent all students."

"Any students coming to student government with a problem will be assisted as best as we are able."

Narad's reaction . . .

When asked if he was still interested in being involved in student government after losing his bid for the ASB presidency, Narad replied, "Without question, yes."

"I want to do whatever I can to help the student body," he said. "I hope to get

reappointed to the committees I've served on this semester, and hope to talk to Butch (Hoover) later about a CSA position."

Narad also supplied the *Oak Leaf* with the following written statement:

"With only a 21 vote difference, I can't help but wonder how the vote might have turned out without some of the lies being circulated, and what would have happened if the *Oak Leaf* hadn't made its move toward complete yellow journalism. But, I have wished Butch well and offered him my complete support."

Other candidates . . .

Newly-elected Executive Vice President Dara May was a freshman representative this semester. She is a member of CSA's executive cabinet and is involved with ad hoc committees. May recently sponsored the CSA resolution endorsing Proposition 15, the Nuclear Initiative.

Jerry Babineau, elected on the Action Students slate as this fall's ASB vice president, is working towards stopping tuition at SRJC. He is chairman of the College Steering Committee and is a member of the California Community College Student Government Association (CCCSGA). Babineau plans to run for Santa Rosa's city council in four years.

Newly-elected Recording Secretary Diana Hoover has been serving as sophomore representative this semester and is member of the Arts & Lectures Committee.

"I look forward to extending voting rights to all students," she said, "mainly due to the fact that there was such a poor voter turnout this semester. I feel that's a direct result of students feeling powerless."

Hoover wins

Hoover would like to see her position as less of a clerical one and more one of political involvement. She states that she would like to see ASB funds go towards more social programs, citing legal aid, helping students with bureaucracies, welfare agencies, developing more employment, tenants rights and civil rights.

Hoover stated that she was disappointed during the campaign that "Narad and the other Action Students" didn't "take the advice" given in a well-known song: "accentuate the positive, eliminate the negative."

Mike Bard, an incumbent reelected to the position of corresponding secretary, was instrumental in getting SRJC's student government involved in CCCSGA.

Bard said that "the task of construction a viable student government" needed more than one semester.

He plans to continue his involvement with CCCSGA.

One of fall semester's new sophomore representatives, Steve Malork states that he wants to see more students involved in student activities and believes all students should have "a voice in what goes on at SRJC."

"We need to communicate better with the administration," he said, adding, "I would like to see more equal representation on college committees and definitely get something proposed on the issue of mandatory teacher evaluation."

(Ed. Note: Malork is an Oak Leaf staff member as well.)

Janice Donahoo, a sophomore rep-

resentative elected for this fall, is currently president of the International Relation Club and is working to help foreign students with problems they experience.

Rick Oltman, also elected as one of fall semester's five sophomore representatives, is a veteran and says he is strongly in favor of mandatory teacher evaluation.

Oltman would like to see more student representation "on all college committees" and is currently involved with the movement to pass Proposition 15.

Newly-elected Sophomore Representative Joe Hawkes is currently CSA's commissioner on ex-offenders. (See story, pg. 9.)

Fall Sophomore Representative Audrey White states that she is "a feminist."

White plans to work towards "more breaks for self-supporting students" and wants SRJC's faculty and administrators to "recognize the students as equals in decision-making."

Platt comments . . .

Current ABB President Michael Platt said he was disturbed with the low voter turnout, but was pleased with the winners.

"I feel Hoover will do a good job and that the people elected with him should form a good student government," Platt said.

"I'm very pleased that we might have started a political party, Students for Students, on campus," he said, "one that has lasted more than one semester. Hopefully, another party will start and will heighten student interest here at SRJC."

AND ANOTHER 'FINE' CAMPAIGN CLOSES ...

Editorial

Riding the election train: "Blood on the Tracks"

Why is it that supposedly civilized people in a supposedly civilized institution (SRJC?) revert to back-stabbing, lying and other forms of human deviancy when it comes to a student body election?

If one remembers clearly, last semester's election boiled in controversy when the election commission (headed by this year's unsuccessful presidential candidate Rick Narad) made an attempt to disqualify the entire "Students For Students" slate on a false election 'violation.'

Talk about eliminating the competition . . . Al Capone would have been proud of the commission, but fortunately their effort failed when Student Activities Advisor Eugene Canevari, among others, literally pleaded with CSA to restore some sanity into the election.

Sanity, or something similar, was restored but only up until a few weeks ago when the spring student body contest began. In the past two weeks, accusa-

tions and lies have been abundant as litter.

Some of the charges that we found hard to digest were made by Narad. But since he lost, we can see little use in answering his false statements concerning the Oak Leaf.

Hopefully these mud-slinging follies which pass for democratic elections will not happen again. It's rather childish and a bit redundant.

Old Business (aggrevated aggrandized sel-interest by Scott was hopefully the pizza binge we had previously spoken about. M. E. Bucci moved and it was seconded to appropriate \$100 from Student Services to take the members of CSA out of pizza as they put in a lot of work and received little to no recognition or thanks. Voted upon unanimously and accepted.

New Business Third World Banquet was discussed over but Hagins did not attend meeting. It came to our attention that they had their banquet last night and exceeded their budget by \$50. Rod Ulmer, our VP was not invited. The Budget Committee too felt that the \$400 was enough for the evening. No action was taken on this and it will be brought before CSA Monday for their decision.

B. Reps? Committees Brought up once again how to get reps interested. It was decided to have Michael Platt and Butth Hoover Lobby starting now with the soph reps to have their representaGion on committees.

Walter Abel played D'Artagnan in a 1936 version for RKO; and in 1939, Don Ameche sang for a musical comedy version, featuring the Ritz Brothers as lackeys impersonating the famous trio. In 1973, Richard Lester directed an all-star production; but in 1948, there was another all-star production, featuring Gene Kelly as an acrobatic D'Artagnan. Kelly won a Special Academy Award two years later "in appreciation of his versatility as an actor, singer, director and dancer, and specially for his brilliant achievements in the art of choreography on film."

Action by SRJC trustees

Santa Rosa Junior College trustees took these actions Monday night:

BUDGET — Received another estimate of the 1976-77 preliminary budget showing total income as \$14.2 million and expenditures of \$13.7 million. Robert Maggiora, dean of business services, said the final picture is not clear, but should be better by the June meeting.

LEGAL AID — The board did not reverse its position not to expand the campus legal aid program despite an appeal from newly-elected student body president Butch Hoover. Hoover plans to inform the board of how legal aid is handled elsewhere for students.

COMPUTER — With the statement

Gaye

There was a yellow balloon caught in the branches of the Cedar of Lebanon tree that marks the grave of Luther Burbank. And it floated there, lending a peculiarly appropriate touch as the Luther Burbank High School band marched past in the Luther Burbank Rose Festival parade.

I'd be willing to bet that the members of that Burbank band (Burbank is in Sacramento) were generally unaware they were passing the grave of the man who lent his name to their school. That's ironic.

Burbank opted for an unmarked grave. So they've named schools after him. And parades. Not cities. That's another Burbank.

It was a good Rose Parade. A long one, but that's a good one. Parades are a little like life in that respect. Too short and you've been cheated. They are also like life in that even while you are enjoying what's here and now you've got one eye on what's coming along because you always suspect that what's just around the bend is something better. Right?

Right. It seems to me that humor is coming back. For a while the parade seemed so all-fired serious. But the addition of the crazies, like the Picayune Times Star Bulletin and their "Spirits of America" float (tequila, scotch on the rocks, etc.) helps to keep things in perspective. The crowd-pleaser is the craziest of them all, the Ophir Prison band, demonstrating reincarnation by levitating a plucked rubber creature they called Frank the Chicken. I also like the bit they do about frying an egg on the pavement where the guy comes and lies flat and kicks and jerks to show frying, then flops "over easy." But you really have to see that one. It loses a lot in the telling.

We got a lot of bicentennial jokes in this parade. Like: "What's red, white and blue all the time?"

"A Campfire Girl."

Of course.

 - a) Gene Canevari introduced a proposal that an account be set aside for Bev Fischer and April Williams (\$300 for each employee) to be used for medical expenses throughout the year. At the end of the year whatever is left in the account will be given to the two employees as a bonus.
This proposal was put in the form of a motion and was passed.
- VIII. New Business:
 - a) Butch Hoover expressed concern that the Oak Leaf editor next semester may be Kathy Mitchell. Since she is a faculty member Butch suggested that the Oak Leaf might become less of a Student-oriented newspaper under her editorship. This possibility was discussed and it was the general consensus of the exec. cabinet (particularly of those members who are Oak Leaf staff members) that there is little danger of this happening.
 - b) It was M/S to refund \$10 to Bruce Scott for a comic strip that appeared in the Oak Leaf at his own expense ("Freak Brothers").
The motion passed.
 - c) Platt brought to the attention of the executive cabinet the fact that an art student was concerned that the Student Art Show was in actuality a "Faculty" art show since faculty members decide what will be shown. It was suggested that perhaps students should plan their own art show and the Associated Students can help find space for it.
 - d) Mary Ellen Bucci expressed concern that the stamp-selling policy in Bailey Hall is discriminatory to students. It was M/S that the sign at the reception desk at Bailey Hall which reads "We no longer sell stamps to students" be removed and that stamps be sold to all members of the campus community or to no one.

LOOK FOR A CHICKEN in every pot at SRJC. The associated students just elected Hoover president.

That would be Butch Hoover and I will resist the overwhelming temptation to turn that around to pot in every chick because that could get both Butch and me in trouble, even if it's only a joke. eh, heh.

Before it's forgotten: Let's thank CSA's Entertainment Committee for the Entertainment Festival. One of the nicest things they did (will there be more???) was that late afternoon (from 3 to 5) outdoor concert with Donna Jean and the Country Torch. Nice day, nice band, nice idea . . . thanks!

The committee was a big one, but thanks to Clare Capadona, Mary Ellen Bucci, Mike Turner, Bruce Scott, Audrey White, Diana Hoover, and her spouse Butch.

MEETING AND PARTIES: CSA ended its semester this week on a non-traditional note! There were no phony motions endorsing penguin sex-life studies or the like.

The reason? Everybody there was confused with the last minute business of election code changes, and adding constitutional amendments to fall's

ballot. Also, everybody was too busy thinking about getting out early so they could go to the pizza party held at the Brass Ass.

It was strictly a low-brow affair. People who hadn't said a word either in CSA or to each other all semester were actually seen sharing mushrooms and pepperoni.

After most of the group left, a hardcore of seven rowdies stayed around playing dice and cheering Muhammed Ali to victory. The management was a bit startled and kept requesting that the student government leaders control themselves!

"But we're having a good time!" said the Veterans Commissioner. And the Vice President, Freshman rep, Sophomore rep, RTC Commissioner, Entertainment Commissioner, and, hmmm, the president agreed!

Board of trustees Legal Aid action postponed

by Denise Hawkins

The board of trustees Monday postponed their decision on the controversial legal aid for students issue.

The postponement was granted until

further investigation and a report by ASB President Butch Hoover is received.

The purpose of the postponement is to investigate the legal aid program at Los Angeles Harbor College. But as Trustee Maggini said, "Looking into it more doesn't mean we'll pass it."

The legal aid issue involves the expansion of legal aid for students from its present \$100 a month retainer for four hours of a lawyer's service to a \$250 a month retainer for 10 hours service. Legal Aid is available to ASB members who are in need of legal assistance.

The board unanimously passed the 1976-77 staffing issue which will allow the

administration to increase its staff as needed.

The 1976-77 preliminary budget was discussed, but no decision was made. The major issue was that for the increasing amount of students and the rate of inflation, state funding is not going up enough.

Robert Maggiora, dean of business services, said the state's inflation factor is "unrealistic."

In 1974-75 state revenue was increased only \$63 to take care of inflation. "To be saddled with a tax rate of a previous year is a step backward as far as financing our school," said Maggiora.

Dear Mr. Carnevari,

May 27, 1976

As a member of the Sonoma County Medical Auxiliary and as a member of the organizing committee for the Special Olympics, I want to express my warm thanks to the Executive Cabinet of the Associated Students for the generous contribution. Also the Sonoma County Organization for the Retarded shares in the gratitude for the support of the Special Olympics. The joy exhibited by the participants make the Special Olympics a rewarding experience. Without volunteers and the generosity of people like you who willingly help, this worthwhile project would not be possible.

Again a sincere thank you.

Encouraging such a choice, she said, "Maturity is not a synonym for senility."

As for her return, Mrs. Rowe assured that she met with no generation gap — "not when you're peering into a microscope, solving a math equation, or cramming for a final."

Mrs. Rowe called upon her fellow graduates to join her as "goodwill ambassadors" for a continuing education.

The second student speaker, Bruce Scott, a 27-year-old Army veteran, was interrupted several times by applause from his fellow graduates as he spoke frankly about education saturation and the problem of being overeducated and underemployed.

For Scott, "Education is not an institution; it's a lifestyle," and he spoke of its continuing in the sense of being incorporated into one's personality to avoid intellectual suicide.

Citing a 10.8 per cent rate of unemployment, Scott found comfort in the fact that education can now be seen as serving another purpose than its traditional role of preparation for the job market.

"So many people have college degrees now that it's a cliché to say one needs a B.A. for dishwashing and an M.A. to bus the tables, Scott said.

He was again interrupted with applause when he made a passing reference to recent political history saying, "With the failure of Proposition 15, however, we may not have to commit suicide; we may have already done it."

Scott sees education continuing as a lifelong process to be the alternative to intellectual suicide which he describes as "more deadly than physical if somewhat less irreversible."

Speaking in praise of students such as Mrs. Rowe who come back to school after an absence of many years, he said that they come back for the most part to respark their mental combustion chambers.

"If I have any hope at all for the future, and I still do, it is that we won't allow that spark to die," he said.

An estimated 1,200 spectators looked on as 224 of the 1029 candidates eligible for graduation participated in the hour and a half long ceremony in a grove of oaks between Pioneer Hall and the Burbank Theater.

Diplomas were handed out by Robert A. Call, president of the Board of Trustees, whose own daughter Melinda received her degree in the ceremony.

Call received the candidates for graduation from President Roy G. Mikalson who congratulated both the graduates and their families on the achievement.

Mikalson offered a special recognition of three retiring instructors: Monica Riley, an instructor for 10 years in the business department; Jim Vogt, who spent 10 years in the earth science department at SRJC and 29 years elsewhere for a total of 39 years in education; and Alvin Hunter, an instructor of anthropology and psychology who taught at SRJC for 29 years.

Hunter was praised by Mikalson as having "probably instructed more students than any instructor in the school ever has."

The English language, as spoken in late 20th Century America, has become systematized to the point where it can express with ease the most difficult optimal logistical projection.

You understand that? Of course you do. And if you don't you are not apt to admit it. That's the whole secret of the "buzzword" philosophy. Let me explain.

The total policy concept of "buzzwords" has been set forth in a recent issue of Armed Forces magazine, described as a new TIC Aid (You know how the military is for initials? Well, that stands for Tongue-in-Cheek.) for preparing speeches and briefings. It is a simple list, divided into three columns and it's called the "Buzzphrase Generator."

SRJC STUDENT LEADER GEORGE HOOVER

The Press Democrat, Santa Rosa, Calif., Sunday, June 6, 1976—

Air Force veteran to lead SRJC students

George "Butch" Hoover, a 25-year old Air Force veteran, was elected president of the Santa Rosa Junior College Associated Students for the fall semester 1976 in a run-off election.

Heading the Students For Students party ticket, Hoover won over Action Students' candidate Rick Narad. Students For Students captured the presidency last semester with Michael Platt.

Orignally from Richmond, Virginia, Hoover is a geology major at SRJC and last semester served as finance commissioner for the Associated Students. With a 4.0 grade point average in fall 1975, Hoover plans to continue his education toward a B.A. and possible Masters Degree after leaving SRJC.

"Voting rights for all students will be my first priority," said Hoover. "Currently only Associated Student Body Card holders can vote. Since the actions of the Associated Students affects all students, we believe they should all be able to vote."

The SRJC College Student Assembly has just passed a resolution to allow any student taking a day class to vote, and it will appear on the fall ballot when freshmen representatives are elected, according to Hoover. Candidates will still be required to be SRJC Associated Student members and hold a student body card.

Hoover said night students have shown no interest in student government and it is difficult to provide polling places for night students. "However, if they show an interest and want to become involved, we will make the effort," he said.

Students evaluating instructors is also high on Hoover's list. Hoover chairs a student committee looking into various methods of teacher evaluation by students.

"The accreditation team recommended teacher evaluation by students be implemented, and it is our goal to see that it happens," said Hoover. "I look on the process as a positive one for both the teachers and the students. The evaluation will help students evaluate classes as well as provide feedback to instructors on how well they come across to students."

Expanded legal aid for students is an area which Hoover sees as valid which would provide a social service to students at a time when the economy makes it difficult for students to receive such help. But he says it needs more research.

"I am going to Los Angeles Harbor College this summer to look over their program which goes beyond our proposal," said Hoover. "When I return we will present our new information to the Board of Trustees and again ask for program approval."

Hoover also plans more "good cheap entertainment" for students. "The 'Friday Night at the Flicks' film series was a big success this year, and we hope to provide more kinds of inexpensive entertainment for students," he said.

"If we can accomplish these goals we will have our hands full and I don't like to make more promises than I think I can keep," he said.

Other officers for next fall are: Dara May, executive vice president; Jerry Babiniau, vice president; Mike Bard, corresponding secretary; Diana Hoover, recording secretary; and Rick Oltman, Steve Malork, Janice Donahoo, Audrey White, and Joe Hawkes as sophomore class representatives.

RITUAL AND TRADITION FOR U.S. BICENTENNIAL CLASS
For Santa Rosa Junior College, a 57th Commencement

2A—The Press Democrat, Santa Rosa, Calif., Sunday, June 13, 1976

Graduation at SRJC—a link with tradition

By CATHERINE BARNETT

The ceremony spoke of tradition.

Saturday's 57th annual commencement at Santa Rosa Junior College saw 224 graduates receive degrees in a way much like previous years.

Graduates in caps and gowns, the overhanging oaks, and Pomp and Circumstance on the chimes — all of the ritual of tradition.

The break with convention came in reference to an evolving concept of continuing education, especially in the presentations of the student speakers.

Lorraine Rowe, mother of five and grandmother of eight, exemplifies the reality of continuing education. She spoke of her return to school in a speech entitled, "What Are You Doing the Rest of Your Life?"

Mrs. Rowe said that she felt compelled to share her views of continuing education because, "this has meant so much to me that I felt that if I spoke out perhaps someone might hear my message and find the enjoyment and fulfillment that I have experienced."

She spoke of the rising number of women who, having raised their families, chose to re-enter school and continue their educations.

ANNUAL REPORT 1975-76
STUDENT ACTIVITIES OFFICE
SANTA ROSA JUNIOR COLLEGE - ASSOCIATED STUDENTS

To: C. Garth Dougan
Dean of Students

From: Eugene S. Canevari
Student Activities Advisor

The fall semester of 1975 actually began on June 16th with the first meeting of the newly elected Executive Cabinet. The Executive Cabinet consisted of Clarence Hagins as president, Mark Stegeman as executive vice president, Ken Johnson as vice president, Betty Bogniani as corresponding secretary, Katherine DePrima as recording secretary and a little later, Denise Woodard was appointed finance commissioner.

The Executive Cabinet held several summer meetings to handle the accumulated business of the Associated Students and to make plans and to authorize projects for the fall semester of 1975.

One of the major items of business during the summer was the setting up of Accounts Payable from the surplus funds of 1974-75 for expenditures during 1975-76. Projects funded out of the surplus funds from 1974-75 included \$400 for the Third World Recognition Banquet, \$400 for the SRJC Wheelers, and \$1,000 for the Sonoma County Black Youth and Young Adult Educational Development Program, later to be entitled the BLAC-BYRD PROGRAM. In addition the Executive Cabinet allocated an additional \$1,000 to the Dean's Loan and Grant Fund, set up \$150 for the Popeye Jackson Memorial Assistance Fund, \$350 for the SRJC Chorus, \$250 for the SRJC Pistol Team, and \$500 additional dollars for the SRJC Aggie's Judging Team.

It should be noted here that one of the major thrusts by Clarence Hagins was the desire to greatly increase the sale of Student Body Cards by soliciting for sales with Evening College students. Several sales attempts were made during Evening College registration but the response was not promising and this effort has been abandoned.

It should also be noted here that one of the major items of concern was the release of \$4,000 from the Associated Students' Frozen Reserve as a loan to the SRJC Day Care Center. This loan was repaid during the later part of the fall semester. It should also be noted that because the monies in the frozen reserve require joint action with the Associated Students and the SRJC Board of Trustees that this item was taken to the Board and that permission for this loan was received.
